Wilmington, DE 19810

Attn: E. David Lewis, Pazianos Associates;
Authorized Agents for Nipa Laboratories, Inc.

Subject: Nipacide MX
EPA Registration No. 49403-1
Your Amendment of February, 10 1994

The proposed amendment involving revisions to the use directions on the label of the manufacturing-use (MUP) subject product has completed EPA review. The following comments are a result of this review.

- The instructions, "Not for formulation into pesticides intended for use on pet living/sleeping quarters." proposed for addition to the text of the use direction section of the product label is acceptable.

- The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

- Please submit five copies of the final printed labeling before releasing the product for shipment bearing the new labels.

If you should have any questions concerning this letter, you may call Robert Travaglini on (703) 305-6909.

Sincerely,

Ruth G. Douglas
Product Manager (32)
Antimicrobial Program Branch
Registration Division (7505C)

PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS
KEEP OUT OF REACH OF CHILDREN**

DANGER! Corrosive. Causes eye damage and skin irritation. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles, or face shield and rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating or smoking. Remove contaminated clothing and wash before reuse.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Hold eyelids open and flush with a steady stream of water for 15 minutes.
If swallowed: Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Call a physician immediately.
If on skin: Wash with plenty of soap and water.
Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsions may be needed.

ENVIRONMENTAL HAZARD

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For formulation of disinfectant, algicide, slimicide, and water treatment pesticide products. Not for formulation into pesticides intended for use on pet living/sleeping quarters. Formulators using this product are responsible for obtaining EPA registrations for their formulated products.

STORAGE AND DISPOSAL

STORAGE: Store in original container, tightly closed and in a safe place.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage or disposal. Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Do not reuse drums. Dispose of in the same manner.
