SUBJECT:

Clariant Corporation Nipacide® PTAP (EPA Reg. No. 49403-17) Notification of Minor Label Changes per PR Notice 98-10 Section II (E)

Dear Mr. Heyward:

On behalf Clariant Corporation ("Clariant"), I am submitting an Application for Notification to revise the **Nipacide® PTAP (EPA Reg. No. 49403-17)** label pursuant to the provisions of PR Notice 98-10 Section II (E).

The purpose of this notification is to add another type of container and the associated container disposal language for the product registration. Clariant will be shipping **Nipacide® PTAP** in 35 gallon plastic drums on limited occasions when the method of shipping warrants transportation by air. The current Federal shipping regulations prohibit air shipment of products in the currently approved paper packaging; therefore, Clariant will be using this alternate form of plastic packaging for **Nipacide® PTAP** for such shipments.

The proposed changes comply with the criteria for changes in packaging and related labeling statements per <u>Section II (E)(1-8) of PR Notice 98-10</u>.

Enclosed please find the following documents in support of this Notification:

- Application for Pesticide Notification, which includes a signed statement certifying compliance with PR Notice 98-10;
- 2) One (1) copy of the proposed product label, with changes highlighted in yellow; and,
- 3) Two (2) copies of the proposed product label.

If you have any questions or need additional information, please contact me by telephone at 202-393-3903 x 11 or by e-mail at wmccombie@lewisharrison.com

Thank you in advance for your assistance with this submission.

Sincerely,

Ju. C-e
