In case of emergency call toll free: 1-800-424-9300

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Only for formulation as a preservative against bacteria or disinfectant for:

1. The following uses:

- Preservative Uses: Adhesives, joint cements, latex emulsion, leather, metalworking/cutting fluids.
- General Hard Surface Disinfectant Uses

2. Uses for which US EPA has accepted the required data and/or citations of data that the formulator has submitted in support of registration; and

3. Uses for experimental purposes that are in compliance with US EPA requirements.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Product should be stored in an area that is not subject to extreme temperatures. Proper protective equipment, as indicated above, should be worn when opening, transferring, and using product. Close drum tightly when not in use. Spill-leak procedures and additional handling information is contained in the material safety data sheet.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use in accordance with label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste Representative of your EPA Regional Office for Guidance.

CONTAINER DISPOSAL: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in sanitary landfill or by incineration if allowed by state and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
