### ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is to be used in the formulation of bacteriostatic pesticide products. Formulators using this product are responsible for obtaining EPA registration for their formulated products.

#### STORAGE AND DISPOSAL

STORAGE: Store in original container, tightly closed and in a safe place. Do not contaminate water, food, or feed by

storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a

violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at

the nearest EPA regional Office for guidance.

CONTAINER DISPOSAL: Completely empty bag or liner by shaking and tapping sides and bottom to loosen clinging particles.

Empty residue into application equipment. Then dispose of bags or liners in a sanitary landfill or by

incineration if allowed by state and local authorities. Do not reuse drums. Dispose of in the same manner.
