	U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Antimicrobials Division (7510C) 1200 Pennsylvania Avenue, N.W. Washington, D.C. 20460	EPA Reg. Number:	Date of Issuance:
		49403-32	AUG 8 2005
		Term of Issuance: UNCONDITIONAL	
NOTICE OF PESTICIDE: <u> X </u> Registration <u> </u> Re-registration (under FIFRA, as amended) ..		Name of Pesticide Product:	
		Nipacide® TABX	
Name and Address of Registrant (include ZIP code): Clariant Corportion 4000 Monroe Road Charlotte, NC 28205			
Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Antimicrobials Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.			
On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.			
This product is conditionally registered in accordance with FIFRA Section 3(c)(7)(A) provided that you: 1. Submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for re-registration of your product under FIFRA Section 4, or as required by registration review under FIFRA Section 3(g). 2. Make the following labeling change: The label must include the EPA Registration Number "EPA Reg. No. 49403-32".			
Signature of Approving Official:  Marshall Swindell Product Manager, Team 33, Regulatory Management Branch I Antimicrobials Division		Date: AUG 8 2005

EPA Reg. No. 49403-32

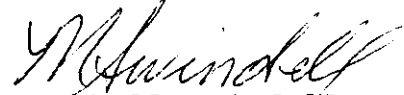

Submit three copies of a final printed production label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA Section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the accepted label is enclosed for your records.

If you have any questions concerning this letter, please contact myself at 703-308-6341, or Portia Jenkins at (703) 308-6230.

Sincerely,

Marshall Swindell

NIPACIDE TBX

Broad Spectrum Biocide

ACTIVE INGREDIENTS:

1,3,5-Tris(2-hydroxyethyl)hexahydro-1,3,5-triazine 58.88%
1,2-Benzisothiazolin-3-one 4.00%

INERT INGREDIENTS

TOTAL 37.12%
100.00%

ACCEPTED

AUG 08 2005

**KEEP OUT OF REACH OF CHILDREN
DANGER**

Under the Federal Insecticide, Fungicide, and
Rodenticide Act as amended, for the
pesticide, registered under
EPA Reg. No. 49403-22

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-424-9300 in case of emergency.

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a Poison Control Center or doctor.
- Do not give anything by mouth to an unconscious person.

NOTE TO PHYSICIAN

Probable mucosal damage may contraindicate the use of gastric lavage.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes irreversible eye damage and skin burns. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear goggles, face shield, or safety glasses. Wear coveralls worn over a long-sleeved shirt, long pants, socks, chemical resistant footwear and chemical-resistant gloves. Wear a respirator with an organic-vapor-removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number prefix TC-23C), or a NIOSH approved respirator with an organic vapor (OV) cartridge or canister with any N, R, P or HE prefilter. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS:

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NIPACIDE TBX is a stable, broad-spectrum biocide developed for the protection of water-based products against fungi and bacteria in the wet state. NIPACIDE TBX may be added at any stage in the processing. NIPACIDE TBX is compatible with most raw materials used in microbiologically susceptible products. Compatibility of NIPACIDE TBX with the application should always be checked before use. Typical applications and the suggested range of concentrations on which trials can be based are outlined in the table below; however, formulations vary and it is essential when first using NIPACIDE TBX to first challenge test formulations before deciding on an optimum concentration.

Products	Use Levels
Adhesives or Tackifiers (To prevent the deterioration of adhesives based on starch, protein, natural and synthetic gums and natural and synthetic rubber latex, including cellulose or cellulose derivatives such as carboxy methyl cellulose (CMC), animal glue, vegetable glue, gelatin, rosin, hydrocarbon resins, latex, tape or adhesives for tapes)	0.1 – 0.2%, based on the total weight of the finished product
Polymer Emulsions and Latexes[Latices] (To preserve synthetic and natural polymer latexes [latices] in manufacture and storage, including acrylic, styrene/butadiene, ethylene/vinylacetate, vinyl/acrylic and biopolymer based systems, as well as other hydrocarbon based emulsions)	
Natural and Synthetic Thickeners (To preserve cellulose or cellulose derivatives including carboxy methyl cellulose (CMC), Hydroxy Ethyl Cellulose (HEC), various gums such as guar gum, xanthan gum, starch, polyacrylic acid and other hydrocarbon based thickeners)	
Aqueous Slurries (To control the growth of fungi and bacteria in aqueous based slurries, including mineral and pigment slurries)	
Construction Compounds (To control the growth of fungi and bacteria in building materials, including mastics, caulks, joint cements, spackling, grouting, tapes, foams, mortar and concrete admixtures)	
Metalworking Fluids (To prevent the decomposition of synthetic, semi-synthetic and soluble oil formulations and emulsifying agents)	
Paints and Coatings (For use as an in-can preservative for paints, stains and coatings)	

Not for use in the preservation or treatment of materials which may come into contact with food.

STORAGE AND DISPOSAL:

PROHIBITIONS- Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE STORAGE- Store in a dry place away from extreme heat and cold (+4°C to +40°C). Keep container closed when not in use. Do not expose containers to direct sunlight. In the event of spillage or leakage, soak up material with absorbent clay, sand, sawdust, vermiculite or other absorbent inert material. Scrape up and dispose of in accordance with the information given under PESTICIDE DISPOSAL. Repackage and relabel useable product in a sound container. In case of fire or other emergency, report at once by toll-free to 1-800-424-9300.

PESTICIDE DISPOSAL- Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL- (*Plastic Containers*) Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. (*Metal Containers*) Triple rinse (or equivalent), then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
