**CHLORINE LIQUIFIED GAS
UNDER PRESSURE**

Nonflammable

For use as a disinfectant and algaecide in residential pools by trained and qualified service persons, under the direct supervision and employment of the owner of this registration. The registrant is solely responsible for the safety of the servicing equipment used with this pesticide, and for the repacking of this gas from large containers into portable cylinders. This registration is not transferable. Each repackager must obtain his own EPA Registration Number for this pesticide for this use, and his own EPA Establishment Number from the U.S. Environmental Protection Agency.

ACTIVE INGREDIENTS: Chlorine 99.5%
INERT INGREDIENTS: 0.5%

KEEP OUT OF REACH OF CHILDREN

DANGER  POISON

FIRST AID: In case of inhalation exposure, remove patient to fresh air. It may be necessary to remove clothing. Keep warm by covering with a blanket and keep quiet. Call a physician. If breathing has ceased administer artificial respiration.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

Corrosive to eyes, skin and mucous membranes in presence of moisture. May be fatal if inhaled. Do not breathe air containing this gas. Do not get in eyes, on skin, or clothing.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters, unless in accordance with an NPDES permit. For guidance contact the regional office of the Environmental Protection Agency.

CHEMICAL-PHYSICAL HAZARDS: Chlorine is a non-flammable gas, liquified under pressure. Do not drop container. Keep away from intense heat or open sunlight. Corrosive to most metals in the presence of moisture.

DIRECTION FOR USE
GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Have available gas masks approved by the U.S. Bureau of Mines or the National Institute of Occupational Safety and Health. Handle and use only in accordance with practice recommended in the Chlorine Manual published by the Chlorine Institute, Inc., New York. Use only in well ventilated areas.

Only specifically designed dispensing equipment should be used, in accordance with manufacturer's instructions and with the Chlorine Institute's recommendations. Druges of residual chlorine levels which should be maintained for any specific site of application must be consistent with recommended practice and state and municipal recommendations.

STORAGE & DISPOSAL

Keep cylinders away from heat. Do not store in direct sunlight or fire-prone containers. All storage containers must have a weather resistant plug attached near outlet valve and must not be accessible to general public. Empty containers should be properly identified with proper tags and markings in color according to prescribed instructions, manufactured by the Chlorine Institute.

EPA Registration No. 49405-1 Date issued

Company Name J. C. & Sons Incorporated

Product Name Chlorine Liquefied Gas Under Pressure

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. An edited copy of the proposed label is enclosed indicating the revisions which must be made to your label to satisfy our requirements.
2. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 49405-1.
3. EPA Establishment Registration No. must appear in a suitable location on the label. The Establishment number is separate and independent of the EPA Registration Number assigned for this product.
4. We remind you that the word "POISON" must appear in red on a contrasting background. Traditionally, however, manufacturers satisfy this requirement by printing POISON, DANGER and the SKULL and CROSSBONES in red.
5. The labels which will be used for this product in channels of trade must reflect these revisions.
6. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PP Notice 82-2 of June 18, 1982.
7. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. Failure to do so may result in rejection of the labels.
