Subject: Amendment dated: November 3, 2009
AIEn 5.25% Sodium Hypochlorite Bleach and Sanitizer
EPA Registration: 49547-12

Dear Christina:

The Agency has reviewed your amendment submitted in accordance with continuing registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA), as amended, and determined the action to be acceptable. In summary, the addition of marketing language and revisions to the Storage and Disposal instructions are acceptable.

A copy of your stamped label is enclosed. Please submit a finished copy of your label for our files. Should you have questions concerning this letter, please contact Tom Luminello at (703) 308-8075, or by email at Luminello.Tom@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Tom Luminello".

PRECAUTIONARY STATEMENTS

Hazard to Humans and Domestic Animals

DANGER: Corrosive. May cause severe skin and eye irritation or chemical burns. Causes eye damage. Wear safety glasses or goggles and rubber gloves when handling this product. Do not get in eyes, on skin or on clothing. Do not breathe vapor. Vacate poorly ventilated areas. Do not return until strong odors dissipate. Wash thoroughly with soap and water after handling, and before eating, drinking, chewing gum, using tobacco, or, using restroom. Remove and wash contaminated clothing before reuse.

Environmental Hazards

[Use the complete Environmental Hazards statement for products larger than 50 pounds and only the first sentence for products 50 pounds and smaller.]

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or public waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Physical and Chemical Hazards

STRONG OXIDIZING AGENT. Mix only with water according to label directions. Mixing this product with gross filth such as feces, urine, etc., or with ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes. Prolonged contact with metal may cause pitting or discoloration.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

NOTE: One tablespoon of this product in a gallon of water is equivalent to 200 parts per million (ppm) available chlorine. This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain required level of available chlorine.

[Note: Directions may be placed in number format]

Sanitization of Hard Non-Porous Food Contact Surfaces: Sanitizing Kitchen Sinks, Refrigerators (outside), Counter Tops: Preclean surface and rinse. Mix 1 tablespoon of this product with 1 gallon (3.785 L) of water and apply the sanitizing solution. Let stand for at least 2 minutes. Let dry.

Disinfection [and Deodorizing] of Non-Porous Non-Food Contact Surfaces: Disinfecting [and deodorizing] Bathroom Tile, Bathtubs, Showers, Floors: Preclean surface and rinse. Mix 3 tablespoons of this product with 1 gallon (3.785 L) of water and apply the disinfecting solution. Let stand for at least 10 minutes. Let dry.

Floors: Add 1/3 cup (3 FL OZ) of this product to 1 1/2 gallon of water, apply and let it dry.

Toilet Bowls: Prewash toilet and flush. Pour 1 cup of this product into the bowl. Brush entire bowl, including under the rim, and let solution stand for 10 minutes. Flush again. Do not mix or use with other household chemicals.

Household Laundry Sanitizers: Laundry Use: Sort laundry by color and fabric. Use 1 cup of this product for a standard load, 1 1/4 cup for an extra large load. Add this product and detergent to wash water before adding laundry or use bleach dispenser. Stains and heavy soil: Soak for 5 minutes in solution of 1/2 cup of this product to 9 fl. oz. of water, and then wash as usual. Recommended for white and colorfast cotton, linen and polyester. Do not use on silk, leather, mohair, wool, non-fast colors and other fabrics not specified here. Do not use directly on clothes, dilute in water. To test fabric for colorfastness, mix 1 teaspoon of this product with 1/4 cup of water and apply a drop to hidden portion of fabric. Let stand 1 minute and blot dry. No color change means the article can be bleached safely. Follow clothes manufacturer's instructions.

STORAGE AND DISPOSAL

Store in a cool, dry area away from direct sunlight and heat to avoid deterioration. In case of spill, flood area with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in a sanitary sewer. **Non-refillable container. Do not re-use or refill this container. Offer for recycling if available or place in**

Do not contaminate food or feed by storage, disposal or cleaning of

ACCOLEO
 trash collection
 equipment.
