GARDEN WEEDER

ACTIVE INGREDIENT:

*Trifluralin (a,a,a-trifluoro-2, 6-dinitro-N, N-dipropyl-p-toluidine)	1.75%
--	-------

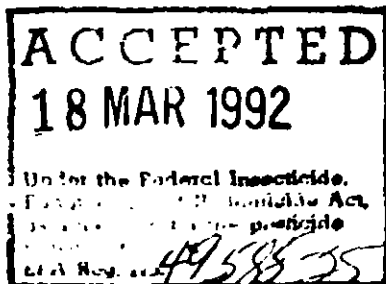

INERT INGREDIENTS:	98.25%
TOTAL:	<u>100.00%</u>

*TREFLAN - Registered Trademark of DowElanco

Keep Out Of Reach Of Children

CAUTION

See back panel for additional precautionary statements.
Read entire label.

NET WT. 3 LBS.

IMPORTANT: TO AVOID DAMAGE OR POOR RESULTS, CAREFULLY READ ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or absorbed through skin. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a physician or Poison Control Center.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF IN EYES: Immediately flush eyes with plenty of water. Get medical attention.

IF INHALED: Remove individual to fresh air. If breathing difficulty occurs, get medical attention.

EMERGENCY INFORMATION: 1-800/858-7378

OTHER INFORMATION: 1-313/459-4200

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift or runoff from treatment areas may be hazardous to aquatic organisms in neighboring aquatic sites. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

GARDEN WEEDEE IS AN EASY AND EFFECTIVE WAY TO PREVENT MOST WEEDS FROM GERMINATING around listed flowers, roses, shrubs, trees, and vegetables throughout the season. This product is a pre-emergent herbicide that inhibits many annual grasses and some broadleaf weeds in existing gardens and landscape beds.

GARDEN WEEDEE does not kill weeds, it prevents them, so you must apply this product prior to germination of weed seeds or remove existing weeds before applying.

CAUTION

It is not intended for use on lawns or in enclosed areas such as green houses. This product is not recommended for use on muck soils because its effectiveness is reduced in soils high in organic matter.

Apply at recommended rate. Applications at the recommended rate under normal growing conditions will not harm treated plants. Not for use on plants in weakened condition. Avoid over-application, since Garden Weeder may cause injury to crops sensitive to Trifluralin planted in the following season.

Use with transplants listed, but never use when planting seed except for the vegetables listed below; unless otherwise noted, direct seeding will probably result in failure of plants to grow. Garden Weeder may be used when plants are 2" to 3" tall.

Do not apply to ground covers or flowers from bulbs other than those listed. **FOR HOUSEHOLD USE ONLY.**

APPLICATION: Apply Garden Weeder very early during the growing season to insure weed control all season long. Apply at the rate of 1 lb. to 750-1000 square ft. Work into soil to a depth of approximately 2-3 inches.

FOR BEST RESULTS: Garden Weeder should be lightly watered into the soil within a few hours after application to move the product off plants and into the soil. This assists in uniform distribution in the soil which enhances weed control. Rain does not wash Garden Weeder out of the soil.

Established Plants: Use around listed flowers, roses, shrubs and trees that are at least 2" - 3" tall.

Flowers - Aster, Balsam, Calendula, California Poppy, Carnation, Centaurea, Chrysanthemum, Cosmos, Dahlia, Dianthus, Forget-me-not, Four O'Clock, Gaillardia, Gladiolus, Ixora, Lobelia, Lupinus, Marigold, Morning Glory, Nasturtium, Nicotiana, Petunia, Phlox, Portulaca, Roses, Salvia, Shasta Daisy, Snapdragon, Snow on the Mountain, Stocks, Sunflower, Sweet Alyssum, Sweet Pea, Sweet William, Zinnia.

Shrubs - American Arborvitae, American Cherry Laurel, Azalea, Barberry, Boxwood, Camellia, Cinquefoil, Common Lilac, Cotoneaster, Deutzia, Elaeagnus, Euonymus, Forsythia, Holly, Honeysuckle, Indian Hawthorn, Juniper, Mock-Orange, Mountain Laurel, Pieris Japonica, Privet, Pyracantha, Rhododendron, Spiraea, Viburnum, Weigela Bristol Ruby, Willow, Yew.

Trees - Apple, Bald Cypress, Balsam Fir, Black Gum, Black Locust, Black Walnut, Canada Hemlock, Chinese Chestnut, Cottonwood, Dogwood Flowering, Douglas Fir, European White Birch, Honey Locust, Japanese Larch, London Plane-Tree, Maple, Oak, Pine, Redbud, Spruce, Colorado Blue Spruce, Sweetgum, Sycamore, Tuliptree, White Ash.

Ground Covers - Algerian Ivy, Asparagus Fern, Beach Strawberry, Bellflower, Big Blue Lilyturf, Ceanothus, Cotoneaster, Crown Vetch, Coyote Bush, Gazania, Germander, Largeleaf Ice Plant, Marigold, Myoporum, Rock Rose, Rosemary Sedum, Speedwell, Snow-in-Summer, St.-Johns-Wort, Thrift, Verbena, Woolly Yarrow.

1001

Vegetables: Gard-n Weeder is recommended for the following vegetables as directed. You may apply this product up to 10 weeks prior to planting.

From seed: Carrots, Okra, Southern Peas (Cow Peas), Field Peas, Black-eyed Peas, Lima Beans, Snap Beans.

Before Transplanting: Broccoli, Brussels, Cabbage, Cauliflower, Peppers, Tomatoes.

After Transplanting: Irish Potatoes. You may apply this product up to 10 weeks prior to planting.

This product should not be used in soil where cucurbits or sweet corn will be seeded.
