Subject: Label Amendment
EPA Reg. No.: 49620-2 / EKA SC-R

Dear Ms. Graham:

The amended labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable.

Submit one copy of the final printed label for the record before you release the product for shipment. A stamped copy of the label is enclosed for your records. This label supersedes all previously accepted labels. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. If you have any questions please call Erik Kraft at 703-308-9358 or email at Kraft.Erik@epa.gov.

Sincerely,

Kable Bo Davis

For Formulating Use Only

ACTIVE INGREDIENT:	
sodium chlorate.....	99.00%
OTHER INGREDIENTS	1.00%
Total.....	100.00%

Keep Out of Reach of Children **CAUTION**

First Aid	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment.	
IF IN EYES	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF INHALED	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment.
EMERGENCY NUMBER: 800-227-5301 OR 800-424-9300

Precautionary Statements
Hazards to Humans and Domestic Animals

CAUTION Harmful if absorbed through the skin. Causes mild eye irritation. Avoid contact with skin, eyes or clothing. Wear protective eyewear (goggles or face shield). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before re-use.

Environmental Hazards

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit, and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

Physical or Chemical Hazards

Sodium chlorate is a strong oxidizing solution. Do not contaminate with dirt, oils or organic matter of any sort. Contamination may cause violent chemical reactions, fire and explosion. Clean up all chemical spills immediately. Allowing spills to dry or concentrate may cause spontaneous combustion. In case of chemical spills, avoid bodily contact and wear appropriate protective equipment.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For formulation into defoliant/desiccants applied to the following crops: dried type beans, cotton, corn, flax, guar, Southern peas, Chili type peppers, potatoes, rice, safflower, sorghum, soybeans, sunflowers, wheat and agricultural drainage systems and fallow land; and as an herbicide applied to nonagricultural settings (residential, commercial and industrial), or as an antimicrobial for the following uses: drinking water treatment and industrial process water treatment for recirculating and non-recirculating cooling water, fuel and industrial ethanol fermenters, textile processing water and pulp and paper process water, pasteurizer, cannery and retort water systems, impounded lake, pond and reservoir water, including industrial waste water, sewage and wastewater systems, gas and oil recovery injection water, fracturing system fluids, ultrasonic tank water, photo processing wash water, and leather processing solutions; agricultural water uses (non-food contact), or ballast water treatment. This product may be used to formulate products for specific use(s) not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA data submission requirements regarding the support of such use(s). Formulators using this product are responsible for providing data required by EPA for registration of their products.

Storage and Disposal

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in a cool, dry and fireproof area away from heat sources including friction and impact. Store separate from all other materials, including organic substances, strong acids, phosphorous, sulfur, sulfides, powdered metals, ammonium salts, arsenic, copper, zinc, aluminum, manganese dioxide, potassium cyanide, thiocyanates, expanded plastics such as polystyrene and polyurethane. Drums: Store no more than two high. Store on gravel or crushed stone. Avoid storing on an asphalt-paved area. Bulk: Store in properly designed tank or original container.

Pesticide Disposal: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to the label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative of the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. BAGS – Completely empty bags into formulation equipment by shaking and tapping sides and bottom to loosen clinging particles. The bag is hazardous waste and must be disposed in accordance with local, state and federal regulations. DRUMS WITH LINERS: Completely empty liner into formulation equipment by shaking and tapping sides and bottom to loosen clinging particles. The liner is hazardous waste and must be disposed in accordance with local, state and federal regulations. Offer the drum for recycling if available or dispose of in a sanitary landfill or by incineration. Do not burn, unless allowed by state and local ordinances.
