Kennesaw, GA 30144

60 / 227760
K / 2

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The registrant is hereby notified that the following conditions apply to the registration of this pesticide:

1. All information and data required by the Administrator in connection with the registration of this pesticide under the Act, including all registrations of similar products, must be submitted.
2. Make the following changes listed below to the label to release the product for sale:
 - a. Add the phrase "EPA Registration No. 49830-20."
 - b. Any products where a precautionary label is required, other than the front panel must bear the following statement on the front panel:
See back of label for additional precautionary statement.
 - c. Add street name of P.O. Box Number to the address on the back of the label.

5/11/89

- d. Add a footnote to the label's inert ingredient statement indicating:

Contains petroleum distillates.

Then delete the above statement from the Precautionary Statements.

- e. Add "Get medical attention immediately" after "Apply artificial respiration if necessary."
- f. Replace the "Physical Hazards" heading with the proper "Physical and Chemical Hazards" heading.
- g. Since your data matrix does not give a dielectrical breakdown voltage, you must add the following to the use directions:

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

- h. Under the Disposal section, modify the first sentence as follows:

Replace cap, wrap container in paper and discard in trash

3. Please complete Section III.1. of the subject Application for Pesticide Registration (EPA Form 8570-1) and resubmit.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

ASC Wasp and Hornet Killer

Front Panel

This product can be used both indoors (attics and other places nests are built) and outdoors on wasp and hornet nests.

SHOOTS A STREAM 10 FEET

ACTIVE INGREDIENTS:

Tetramethrin [(1-Cyclohexene-1,2-dicarboximido)methyl 2,2-dimethyl-3-(2-methylpropenyl)cyclopropanecarboxylate]	0.200%
*Cyano (3-phenoxyphenyl) methyl 4-chloro-alpha-(1-methylethyl) benzeneacetate	0.125%

INERT INGREDIENTS:

99.675%
100.000%

*Licensed under U.S. Patent No. 4,062,968 of Sumitomo Chemical Company.

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN OR CLOTHING: Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting because of aspiration hazard.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if necessary.

Net Weight 12 oz.

Manufactured by:

AEROSOL SPECIALTIES CORPORATION
Kennesaw, GA 30144

EPA Reg. No. 49830-20

EPA Reg. No. 49830-

EPA Est. No. 49830-GA-1

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Avoid inhalation of vapors. May cause eye irritation. Avoid contact with skin and eyes. Wash contaminated skin with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists.

Do not use in commercial food processing, preparation, serving, or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds, and cover fish aquariums before spraying.

Physical Hazards

FLAMMABLE. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Control of Wasps and Hornets: It is preferable to apply this product in the evening after all the insects have returned to the nest. Aim valve opening at the nest and depress button, continuing to spray until the nest is soaked with the spray. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.
