## PRECAUTIONARY STATEMENTS

Hazards to humans and domestic animals

- Avoid contact with eyes as product may cause irritation.
  - Avoid contact with skin and clothing, and avoid breathing spray mist.
  - Do not eat, drink or smoke during application.
- KEEP AWAY FROM FOOD AND ANIMAL FEEDSTUFFS.

## PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear:

- Protective eyewear such as goggles or protective face shield
- Waterproof gloves
- Long-sleeved shirt and long pants
- Shoes and socks

Wash PPE clothing with detergent and hot water, separately from other laundry.

## USER SAFETY RECOMMENDATION

Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

## ENVIRONMENTAL HAZARDS

Do not dispose of equipment washwaters or rinsates in ponds, rivers or where surface water is present.

# CARPOVIRUSINE

A selective larvicide against the Codling moth in apple, pear and walnut orchards.

### ACTIVE INGREDIENT\*

Codling moth granulosis virus technical concentrate ..... 0.99%

INERT INGREDIENTS: ..... 99.01%

\*minimum 10<sup>13</sup> granulosis virions / liter

Net volume: 1 liter (1.0567 quart)

## DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labeling.

### Agricultural Use Requirements

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE). The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 4 hours. Workers may be allowed early entry to treated areas if the following required PPE is worn:

- Protective eyewear such as goggles or full face mask
- Waterproof gloves
- Long-sleeved shirt, long pants
- Shoes and socks

For treatment against the Codling moth in apple, pear and walnut orchards. The viral particles in Carpovirusine must be ingested by larvae to be effective.

"Dilute Carpovirusine in water with agitation at concentration of 0.1%v/v. (1 quart Carpovirusine in 250-264 gallons water ; or, 1 pint Carpovirusine in 100 gallons water, or, 1 liter Carpovirusine in 1000 liters water). No spray adjuvant is required. Apply diluted Carpovirusine with any conventional sprayer at the beginning of egg hatch of the first generation, targeting the young larvae, as per local recommendation/warnings by Extension Offices. Carpovirusine persists for 10 days ; repeat application every 10 days as long as oviposition is evident, and while adults are captured in sex pheromone traps. Best applied as Mid-Volume Spray (100 to 350 gallons diluted Carpovirusine per acre). 264 gallons (1000 liters) of diluted product can treat 2.47-2.5 acres (1 hectare). Carpovirusine is best used in an Integrated Pest Management Program.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Store in original container in a cool, dry place. Store at 15-20°C (59-68°F) or in refrigerator at 4°C (39°F) for use during the current campaign ; or in freezer for storage periods greater than one year.

Thaw frozen product in refrigerator ; do not heat to thaw.

### Pesticide disposal:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

### Plastic container disposal:

Triple rinse (or equivalent). Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or by other means as directed by state and local authorities, by burning.
