Date of Issuance:

50039-2

14 JUN 1996

Term of Issuance:

UnConditional

Name of Pesticide Product:

Abuse - A - BUG

NOTICE OF PESTICIDE:
Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Wheelus Services, Inc.
160. New Hope Road
Lawrenceville, GA 30245

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

Based on your response to the Reregistration Eligibility Documents, EPA has reregistered the product listed above. With regards to labeling, you must make the labeling changes listed below:

- 1. Revise the Precautionary Statements to read:

"Harmful if swallowed. Causes eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling."

- 2. Revise the Statement of Practical Treatment to read:

If swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting.

If in Eyes: Flush eyes with plenty of water. Call a physician if irritation persists.

29 3

3. Submit two copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

4. Enclosed is a copy of your label stamped "Accepted with Comments." This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Registration under this section does not eliminate the need for control reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Sincerely,

RPK

Richard P. Keigwin, Jr.

NET CONTENTS 16 oz

**PRECAUTIONARY STATEMENTS -
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed. May cause eye irritation. Avoid eye contact. Wash thoroughly after handling.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control cockroaches, ants and silverfish, use Balt Gun Small Wood Plastic Paddle or Putty Knife, place nickel size amount under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs, into openings around drains, water pipes and electrical conduits. Also apply in cracks and crevices along baseboards and corners of cabinets, cupboards and closets. Remove all lower drawers in kitchen and bathroom, cabinets, bedroom dressers and chests of drawers, then place small amount in each drawer well. Reapply as necessary. Any paste visible after application must be pressed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and food stuffs.

This product may be used in homes, restaurants and other food and feed handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes,

garages, grocery stores, apartment buildings, new construction, industrial plants, theatres, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, utilities and sewers.

NON FOOD AREAS include garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in a cool place. Do not store where children or animals may gain access. **DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

CRACK AND CREVICE TREATMENT

FOOD AND FEED HANDLING ESTABLISHMENT: Places other than private residence in which food or feed is held, processed, prepared or served.

**FOOD AREA APPLICATION LIMITED
TO CRACK AND CREVICE TREATMENT ONLY**

Includes areas for receiving, storage, packing, (canning, bottling, wrapping, boxing), preparing edible waste, storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) also would

be considered a food area.

Apply directly into cracks and crevices in points between different elements of construction between equipment and floors, opening leading to voids and hollow spaces in wall, equipment legs and bases, conduits, motor housings and electrical switch boxes where cockroaches hide. Care should be taken to avoid depositing the product onto exposed surfaces. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED SERVING AREAS. Facilities where prepared goods are served. Such as dining rooms, but excluding areas where food may be prepared or held. Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed).
