Based on your response the Reregistration Eligibility Document, EPA has registered the product listed above. With regards to labeling, you must make the labeling changes listed below:

- 1) Revise the statement of Practical Treatment to read: "**FIRST AID**".
- 2) In accordance with P.R. Notice 2001-1, the "**FIRST AID STATEMENT**" should be revised to read as follows:

IF SWALLOWED:

- o Call a poison control center or doctor immediately for treatment advice.
- o Have person sip a glass of water if able to swallow.
- o Do not induce vomiting unless told to do so by a poison control center or doctor.
- o Do not give anything by mouth to an unconscious person.

IF IN EYES:

- o Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- o Remove contact lenses, if present, after 5 minutes, then continue rinsing eye.
- o Call a poison control center or doctor for treatment advice

- 3) Add the following statements near the First Aid statements:

"Have the product or label with you when calling Poison Control Center or Doctor or going for treatment". In case of emergency, for additional information call (insert toll free-emergency number).

DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Agro Roach Tablets are an insect food and contain the Roach Lure. Because of this "lure", roaches and waterbugs will find and eat these tablets. Tablets are made soft so that roaches and waterbugs may easily eat them. Place three tablets (whole, crushed or powdered) in light, unexposed areas, cracks, crevices and where roaches are seen. After feeding, roaches crawl off and die. Treat your entire home. Tablets must be placed in areas inaccessible to children and pets. Place tablets on shelves, drawers, closets, garbage cans, or attach with cellophane tape underneath cabinets. For maximum effectiveness, use the entire box and replace every six months.
