

CHLORINE LIQUIFIED GAS
UNDER PRESSURE
Nonflammable

For use as a disinfectant and algacide in residential pools by trained and qualified service persons, under the direct supervision and employment of the owner of this registration. The registrant is solely responsible for the safety of the servicing equipment used with this pesticide, and for the repackaging of this gas from large containers into portable cylinders. This registration is not transferable. Each repackager must obtain his own EPA Registration Number for this pesticide for this use, and his own EPA Establishment Number from the U. S. Environmental Protection Agency.

ACTIVE INGREDIENT: Chlorine-----99.75
INERT INGREDIENTS-----0.25

KEEP OUT OF REACH OF CHILDREN
DANGER

FIRST AID: In case of inhalation exposure remove patient to fresh air. If may be necessary to remove clothing. Keep warm by covering with a blanket and keep quiet. Call a physician. If breathing has ceased administer artificial respiration.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS & DOMESTIC ANIMALS

Corrosive to eyes, skin and mucous membranes in presence of moisture. May be fatal if inhaled. Do not breathe air containing this gas. Do not get in eyes, on skin, or clothing.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not discharge into lakes, streams, ponds or public waters, unless in accordance with an NPDES permit. For guidance contact the regional office of the Environmental Protection Agency.

CHEMICAL-PHYSICAL HAZARD: Chlorine is a non-flammable gas, liquified, under pressure. Do not drop container. Keep away from intense heat or open sunlight. Corrosive to metal parts in the presence of moisture.

DIRECTION FOR USE
GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with the labeling. Have available gas masks approved by the U. S. Bureau of Mines or the National Institute for Occupational Safety and Health. Handle and use only in accordance with practice recommended in the Chlorine Manual published by the Chlorine Institute, Inc., New York. Use only in well ventilated areas.

Only specifically designed dispensing equipment should be used in accordance with manufacturer's instructions and according to state regulatory agency recommendations for dosages or residual chlorine levels which should be maintained for each specific site of application must be consistent with recommended practice and state and municipal recommendations.

STORAGE AND DISPOSAL

Keep containers away from heat. Do not store in direct sunlight or drop portable containers.

All storage containers must have a weather resistant label attached near outlet valve and must not be accessible to general public. Empty containers should be properly identified with return tags and returned to supplier according to prescribed instruction and practices recommended by the Chlorine Institute.

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of the product by this Agency. In order to protect health and the environment, the Administrator, in his discretion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The compliance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

ATTACHMENT TO EPA REGISTRATION NOTICE

EPA Registration No. 50174-1 Date Issued _____
Company Name Aquachlor Service _____
Product Name Chlorine _____

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. An edited copy of the proposed label is enclosed indicating the revisions which must be made to your label to satisfy our requirements.
2. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 50174-1.
3. An Establishment number which is assigned by the Pesticide Enforcement Division, must appear on the label or on the container for the pesticide.
4. The word "POISON" must be printed in red. However, traditionally most registrants satisfy this requirement by printing the word "DANGER," the Skull and Crossbones symbol, and the word "POISON" in red.
5. The labels which will be used for this product in channels of trade must reflect these revisions.
6. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PP Notice E2-2 of June 18, 1972.
7. The finished printed labels must comply with the general labeling requirements of Section 162.10 of title 40 of the Code of Federal Regulations. Failure to do so may result in rejection of the labels.
