REGISTRANT'S NAME AND ADDRESS
 REGISTRANT'S NAME AND ADDRESS
 REGISTRANT'S NAME AND ADDRESS

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered under EPA registration number 50174-2, effective 5/19/90.

1. Add the following information to your label: "EPA Registration No. 50174-2" in your label, where you release the product for shipment.

2. Add the following information to your label: "EPA Registration No. 50174-2" in your label, where you release the product for shipment.

3. Add the following information to your label: "EPA Registration No. 50174-2" in your label, where you release the product for shipment.

CHLORINE

**LIQUEFIED GAS
UNDER PRESSURE
NONFLAMMABLE**

DIRECTION FOR USE

GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with the labeling. Have available gas masks approved by the U. S. Bureau of Mines or the National Institute for Occupational Safety and Health. Handle and use only in accordance with practice recommended in the Chlorine Manual published by the Chlorine Institute, Inc., New York. Use only in well ventilated areas.

Only specifically designed dispensing equipment should be used in accordance with manufacturer's instructions and according to state regulatory agency recommendations for dosages or residual chlorine levels which should be maintained for each specific site of application and must be consistent with recommended practice and state and municipal recommendations.

STORAGE AND DISPOSAL

Keep containers away from heat. Do not store in direct sunlight or drop portable containers.

All storage containers must have a weather resistant label attached near outlet valve and must not be accessible to general public. Empty containers should be properly identified with return tags and returned to supplier according to prescribed instruction and practices recommended by the Chlorine Institute.
