

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Ramsey's PD-256 Disinfectant Cleaner is a concentrated "one-step" multi-purpose germicidal cleaner effective in hard waters up to 400 ppm (calculated as CaCO<sub>3</sub>) and in organic soil (represented by at least 5% blood serum).

**DISINFECTION** - To clean and disinfect hard surfaces, use 1/2 oz. of the product per gallon of water. Wet surface thoroughly with a clean mop, sponge, cloth or bowl mop. Allow to remain wet for 10 minutes. Rinsing is not required. For heavily soiled areas, a pre-cleaning step is required.

For instruments, first clean then immerse in a solution of the product for 10 minutes. Rinse in sterile water before processing for sterilization. Prepare fresh solutions daily or when solution becomes visibly dirty.

**VIRUCIDAL ACTIVITY AGAINST HIV-1 (AIDS VIRUS)** - This product is virucidal against HIV-1 (Human Immunodeficiency Virus Type 1), which causes AIDS (Acquired Immune Deficiency Syndrome), when used on hard, nonporous, inanimate surfaces at 1/2 oz. per gallon. The product is effective against HIV-1 after one minute contact time, in hard water up to 400 ppm (calculated as CaCO<sub>3</sub>) and in the presence of organic soil (10% blood serum). To kill other organisms listed on this label, allow surface to remain wet for 10 minutes.

Special Instructions for Cleaning and Decontaminating Against HIV-1 (AIDS virus) on Surfaces and Objects Soiled with Blood and/or Bodily Fluids

**Personal Protection:** When handling items soiled with blood or bodily fluids, wear disposable latex gloves, gowns, masks, and eye coverings.

**Cleaning Procedure:** Thoroughly clean blood or bodily fluids from surfaces before applying PD-256.

**Contact Time:** To kill HIV-1, apply PD-256 and allow to remain wet for 1 minute. To kill other organisms listed on this label, allow to remain wet for 10 minutes.

**Disposal of Infectious Materials:** Blood and other bodily fluids should be disposed of according to state and federal regulations for infectious waste disposal.

**MILDWSTAT** - To control mold and mildew growth on hard, nonporous surfaces, use the product at 1/2 oz. per gallon of water. Allow to stand for 10 minutes before wiping. Reapply as new growth appears.

**FOR HEALTH CARE FACILITIES** - At 1/2 oz. per gallon of water, the product is an excellent cleaner and germicide in operating and emergency rooms, patient rooms, laboratories, clinics, veterinary facilities, and animal care premises.

| • Streptococcus hemolyticus                   | • Salmonella typhimurium  |
| • Diplococcus pneumoniae                      | • Salmonella typhosa      |
| • Brevibacterium ammoniagenes                 | • Escherichia coli        |
| • Influenza A2/England                        | • Proteus mirabilis       |
| • Staphylococcus aureus                       | • Proteus vulgaris        |

**PRECAUTIONARY STATEMENTS**

**Hazard to Humans and Domestic Animals  
DANGER**

Keep out of reach of children. Causes eye damage and skin irritation. Harmful or fatal if swallowed. Harmful if absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Wash thoroughly with soap and water after handling. **FIRST AID:** In case of eye contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician. In case of skin contact, immediately wash with plenty of soap and water. Get medical attention if irritation persists. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting. Promptly drink a large quantity of water. Avoid alcohol. Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage; may contraindicate the use of gastric lavage.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near heat or open flame.  
**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Store only in tightly closed, original container in a secure area inaccessible to children and away from food or feed.

**PESTICIDE DISPOSAL:** Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
