

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS 767) WASHINGTON, DC 20460	EPA REGISTRATION NO.	DATE OF ISSUANCE
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

NOTICE OF PESTICIDE: REGISTRATION
 REREГИSTRATION
(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling (including lettering) in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. Upon receipt of this registration, you are advised that you must immediately advise the Administrator of any change in the name of your product or any change in the active ingredient of your product. Any such change must be submitted to the Registration Division for approval.

2. Mark the following information on the label of your product for shipment:

- A statement in plain language: "EPA Registration No. _____"
- Please note that according to your Federal Statute of Control this product contains a highly toxic chemical ingredient. Therefore, the label must contain the following statement:

This product contains a highly toxic chemical ingredient. Therefore, the label must contain the following statement:

This statement must be placed in a box below the chemical name statement and must be in a type size larger than, or equal to, the headings used in the chemical name statement (e.g., Active Ingredient and Inert Ingredients).

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL	DATE
---------------------------------	------

c. Delete from the pesticide disposal instructions the words "May be disposed of on site." The instructions should be similar to "Pesticide Disposal. Wastes resulting from the use of this product may be disposed of at an approved waste disposal facility."

d. We note that the correct company address should be Dunnell Lane.

3. The accelerated storage and stability data for 30 days at 50 °C, are acceptable on an interim basis. The results of a 12 months stability test must be received by the Agency within 15 months after the date of this Registration Notice.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN
AND DOMESTIC ANIMALS**

WARNING

Causes eye irritation. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wear protective clothing such as gloves, long-sleeved cotton shirt, long pants, and hat. May be fatal if swallowed or inhaled. Do not breathe dust. Wear a mask or respirator jointly approved by the Mining Enforcement and Safety Administration and the National Institute for Occupational Safety and Health. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste.
