

**PRECAUTIONARY STATEMENT:
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS!**

DANGER:

Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash all contaminated clothing before reuse.

ENVIRONMENTAL HAZARD:

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS:

STRONG OXIDIZING AGENT: Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any product. Such use may cause a violent reaction - leading to fire or explosion. Contamination with moisture, organic matter, or other chemicals may start a chemical reaction, with

generation of heat, liberation of hazardous gases, and possible generation of fire or explosion. In case of contamination/decomposition, do not reseal the container. If possible, isolate this container in open air or well-ventilated area. Flood with large volumes of water, if necessary.

CHLORINATING TABLETS

These are to be used in the Land-O-Matic dispenser for automatically treating well water in those areas where treated water supplies are not available.

ACTIVE INGREDIENT:

Calcium Hypochlorite 72%

OTHER INGREDIENTS 28%

(AVL Chlorine 72%)

Pellet Weight: 1 Gram

**KEEP OUT OF REACH
OF CHILDREN!**

! DANGER !

**STATEMENT OF PRACTICAL
TREATMENT (FIRST AID)**

IF SWALLOWED, drink large amounts of water. **DO NOT** induce vomiting. Call a physician or poison control center immediately.

IF ON SKIN, brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

IF IN EYES, Flush with cold water for at least 15 minutes. Seek medical attention.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

This product is intended to be used for treating water by placing pellets at the base of a well to sanitize until water is consumed. It is not intended to replace safe, properly constructed wells.

EPA recommends for human consumption: .2 to .6 PPM to be determined by using a test kit provided with the Land-O-Matic dispenser. One pellet normally treats 20 gallons of average well water. These pellets are designed to dissolve in less than 1 hour. Consult the manufacturer's installation book for the proper installation and adjustment so that the required chlorine residual can be maintained at all times.

STORAGE AND DISPOSAL

Keep this product **DRY** in a tightly closed container when not in use. Store in a cool, dry, well-ventilated area, away from heat or open flame.

In case of decomposition, isolate the container (if possible) and flood the area with large amounts of water to dissolve all materials before discarding container. **DO NOT REUSE THE EMPTY CONTAINER** but place in trash collection. Do not

contaminate food or feed by storage or disposal, or cleaning of the equipment. Triple rinse (or equivalent). Then offer for recycling or reconditioning, OR puncture and dispose of in a sanitary landfill, OR incineration, OR if allowed by state and local authorities, by burning. If this container is burned, stay away from the smoke.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or Hazardous Waste representative at the nearest EPA Regional office for your information and guidance.
