Ectrin Insecticide Strips

~~With the Best~~ for ~~Horses~~ Horses

Now, you can control face flies and horn flies on your horse without fly sprays, without mixing or measuring. The insecticidal strips control face flies and horn flies, and aid in controlling house flies and stable flies without time-consuming daily applications of fly repellent. These strips are the newest and easiest way to control flies, and free you from the daily chore of applying fly spray directly to your horse.

are uniquely designed to
~~The Brow Band for Horses is uniquely designed to~~ The long, slim insecticidal strips, ~~which will~~ give optimum coverage to areas of the horse where flies are likely to be most annoying. As the impregnated strip swings and brushes the hair coat, the effective, long lasting insecticide is released to do its work.

Directions for Use

General Classification

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not use on horses intended for human consumption.

For control of face flies and horn flies, and as an aid in the control of house flies and stable flies, the ~~Brow Band~~ insecticidal strips should be placed on your horse when pests first appear. Strips may remain effective up to 4-5 months, often giving full season control. The ~~Brow Band~~ may be fastened to your horse's halter simply and quickly, ~~unbuckle one side of the horse's halter and slip strip into end loops of the Brow Band. Rebuckle and place the Brow Band in front of horse's forehead with insecticidal strips hanging downward.~~
tail, mane or
 When attached according to directions, it will allow the strips to swing freely as the horse moves, brushing the coat as it swings.

using the strip attachment systems.

Precautionary Statements

Hazards to Humans

Caution

Wash thoroughly with soap and water after handling and before eating or smoking. Avoid contamination of feed and foodstuffs.

Environmental Hazards

This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by disposal of used strip. Use this product only as specified on this label.

Storage and Disposal

Store in original container, in a cool place inaccessible to children. Dispose of spent insecticidal strips and original container by securely wrapping in several layers of newspaper and discard in trash. Do not reuse carton container. Discard carton in trash.

Licensed under U.S. Patent No. 4,062,968 of Sumitomo Chemical Company and U.S. Patent No. 4,195,075.
