Dear Mr. Davis:

Subject: Revised Label
Dura Dip
EPA Reg. No. 50591-5
Submission: January 30, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

- 1) Please refer to our letter of Nov 20, 1991 regarding the above product. Your label was conditionally accepted and we asked that you change the Environmental Hazard statement from "Do not contaminate water by cleaning..." to read "Do not contaminate water when disposing of equipment washwaters."
- 2) Add a footnote to the ingredient statement as follows:

"Contains petroleum distillates"

You may correct typographical errors when you submit your final label, such as "hamful if swallowed", but please clearly indicate what you are changing to simplify our review.

Sincerely,

Richard F. Mountfort
