 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505P) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460-0001</p>	EPA Registration No.  <b>50830-1</b>	Date of Issuance:  <b>JAN 24 2008</b>		
<p><b>NOTICE OF PESTICIDE:</b> <input type="checkbox"/> Registration <input checked="" type="checkbox"/> Reregistration (under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)</p>	Term of Issuance: <b>Conditional</b>			
	Name of Pesticide Product: <b>The 10-Hour™ Insect Repellent</b>			
Name and Address of Registrant (include ZIP Code): Tec Laboratories, Inc. 7100 Tec Labs Way, SW Albany, OR 97321-5968				
<b>Note:</b> Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.				
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p> <p>Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above provided that the following change(s) is(are) made to the label:</p> <p><u>Precautionary Statements section, Hazards to Humans subsection comment(s):</u></p> <ol style="list-style-type: none"><li>1. As required by PR Notice 2001-3, replace this section with: "Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse."</li></ol> <p>(continued on page 2)</p>

First Aid Statement comment(s):

2. The First Aid Statement must be placed within a solid text box to increase its prominence. Replace this section with:

FIRST AID	
If in Eyes:	<ul style="list-style-type: none"> <li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li> <li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.</li> <li>• Call a poison control center or doctor for further treatment advice.</li> </ul>
If Swallowed:	<ul style="list-style-type: none"> <li>• Call a poison control center or doctor immediately for treatment advice.</li> <li>• Have person sip a glass of water if able to swallow.</li> <li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li> <li>• Do not give anything to an unconscious person.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-xxx-xxxx or the National Pesticide Information Center at 1-800-858-7378. <sup>1</sup>	
<b>NOTE TO PHYSICIAN:</b> Probable mucosal damage may contraindicate the use of gastric lavage.	

Directions for Use section comment(s):

3. The statement "It is a violation of Federal law ..." should be moved to appear immediately preceding the statement "READ AND FOLLOW ALL DIRECTIONS ..." on a line of its own in order to increase its prominence.
4. As required by PR Notice 2001-3, replace paragraph #1 of this section with: "Apply a few drops or light spray on skin. **DO NOT** spray in enclosed areas. Avoid breathing a spray product and **DO NOT** use it near food. **DO NOT** use as a space spray. Rub evenly over exposed area if needed. For ticks and chiggers, also apply to shoe tops, socks and around openings in outer clothing. Never use repellents over cuts, wounds or irritated skin. Repellents should be applied only to exposed skin and/or clothing as directed on this product label. When using sprays, **DO NOT** spray directly into face; spray on hands first and then apply to face. **DO NOT** apply near eyes and mouth, and apply sparingly around ears. **DO NOT** allow children to handle this product, and **DO NOT** apply to children's hands. When using on children, apply to your own hands and then put it on the child. **DO NOT** use under clothing. Use just enough repellent to cover exposed skin and/or clothing. Heavy application and saturation is unnecessary for effectiveness. If biting insects do not respond to a thin film of repellent, apply a bit more. After returning indoors, wash treated skin with soap and water or bathe."
5. In addition, replace paragraph #2 of this section with: "**FOR EXTENDED EXPOSURE:** Allow at least one repellent free day for every 4 to 7 days of continued used. This is particularly important when repellents are used repeatedly in a day or on consecutive days. Wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you. **NOTE:** Will not damage cotton, wool or nylon. **DO NOT** apply on or near acetate, rayon, Spandex or other synthetic fabrics, nylon furniture, plastics (such as eyeglasses and watch crystals), leather and painted or varnished surfaces (including automobiles)."

Storage and Disposal Statement section comment(s):

6. The Storage and Disposal Statement must be placed within a solid text box to increase its prominence. Within the text box, the Storage and Disposal heading must be placed on the top and in a central position directly above the Storage and Disposal Statement.
7. Replace this section with:

STORAGE AND DISPOSAL
Do not contaminate water, food or feed by storage and disposal.
<b>Pesticide Storage:</b> Store this product in a cool, dry place that is inaccessible to children.
<b>Pesticide Disposal: If empty:</b> Do not reuse this container. Place in trash or offer for recycling if available.
<b>If partially filled:</b> Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

<sup>1</sup> Please note that the "1-800-xxx-xxxx" must be substituted with a valid phone number that is available twenty-four (24) hours per day, seven (7) days per week for answering and responding to any medical emergencies or health concerns.

To be eligible for reregistration, aerosol and pump spray formulations must be packaged in containers utilizing a concave trigger to help aim product or other comparable mechanism that will ensure that the product will not be inadvertently sprayed in the eyes.

S.C. Johnson & Son, Inc. should note that the Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

A copy of your label stamped "Accepted with Comments" for this product is enclosed for your records. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at [Rodia.Carmen@epa.gov](mailto:Rodia.Carmen@epa.gov).

## PRECAUTIONARY STATEMENTS

**WARNING: KEEP OUT OF REACH OF CHILDREN. HAZARDS TO HUMANS:**  
Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Use of this product may cause skin reactions in rare cases. Wash treated clothing before wearing it again. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. May damage some synthetic or man-made materials including but not limited to plastics, telephones, eyeglasses, rain gear, furniture polish, shoe polish, paint and other synthetic products. Be careful with over-spray or spillage.

## FIRST AID

### IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first five minutes, then continue rinsing.
- Call a poison control center or doctor for treatment advice.

### IF SWALLOWED:

- Call a physician or Poison Control Center.

• Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

## DIRECTIONS FOR USE:

### READ AND FOLLOW ALL DIRECTIONS AND PRECAUTIONS ON THIS PRODUCT LABEL.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Apply a few drops or light spray on skin. Do not spray in enclosed areas. Rub evenly over exposed area if needed. For ticks and chiggers, apply to shoe tops, socks, and around openings in clothing. Do not apply over cuts, wounds, or irritated skin. Do not apply near eyes and mouth. Apply sparingly around ears. Do not apply to children's hands. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. If used on the face, spray on hands first and then apply sparingly and avoid eyes. Do not spray directly onto face. Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Avoid over-application of this product. Frequent reapplication and saturation is unnecessary for effectiveness. After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin, and call your local poison control center. If you go to a doctor, take this product with you.

**FOR EXTENDED EXPOSURE:** Allow at least one "repellent free" day for every 4 to 7 days of continuous use. Wash all exposed skin daily with soap and water.

**STORAGE:** Store away from heat and flame in an area inaccessible to children.

**DISPOSAL:** If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused products down any indoor or outdoor drain.
