MAR 16 1995

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 50932-4

READY TO USE

Concern®

INSECT KILLING SOAP
Ready to Use

Concern® Insect Killing Soap is an easy to apply and effective insecticide made from specially-formulated potassium salts of fatty acids. It penetrates and damages the outer shells of soft-bodied insect pests, causing dehydration and death within hours of contact. Concern® Insect Killing Soap does not destroy insect eggs, therefore, several applications may be necessary for complete control.

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if inhaled. Causes moderate eye and skin irritation. Avoid contact with skin, eyes or clothing or breathing spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

WARNING: Irritant if in eyes. Flush eye with plenty of water. Call physician if irritation persists.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

IF INHALED: Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

ENVIRONMENTAL PRECAUTIONS
 This product may be hazardous to aquatic invertebrates. Cover aquaria before spraying. Do not apply directly to water, streams and reservoirs.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
SMELL WILL DISAPPEAR.

Spray when insects first appear or damage is noticed. Thoroughly spray all infested areas to the point of runoff. Killing insects directly with insecticide spray where possible. Apply weekly as needed (repeat application after 2 or 3 days to control aphids and mealybugs). Can be used up to day of harvest.

For Use On Flowers & Building Plants (indoors & out) including: Foliage plants, roses & succulents. **Kills:** Aphids, earwigs, mealybugs, mites, plant bugs, rose slugs, scale insects, trips & whitefly.

Do not use on new transplants, unrooted cuttings or plants stressed by drought. Not recommended for poinsettias. Avoid spraying in full sun when temperatures exceed 90°F if killing occurs within a few hours of spraying. Rinse with a spray of fresh water.

For Use in Homes & Flower Greenhouses
