PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or inhaled. Causes moderate eye irritation. Avoid breathing dust. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before re-use.

IF SWALLOWED:

If Swallowed:

- Call a poison control center or doctor for further treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

If Inhaled:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

If in Eyes:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-858-7378 for emergency medical treatment advice.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning equipment or waste disposal.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in original container only in a cool, dry area inaccessible to children and pets. Keep container closed.

Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility.

Container Disposal: Completely empty container. Then dispose of empty container in a sanitary landfill, or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

AWAY Big Game Repellent Powder

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:

This product is used to repel deer and elk from ornamentals, shrubs, roses, and conifer trees and seedlings. Use when plants are moist. Do not use this product on edible crops.

APPLICATION DIRECTIONS:

Apply a light dusting of powder to plants while they are moist from light rain or heavy dew. If plants are dry, give them a light misting from a suitable water sprayer before applying powder.

Apply powder to the parts of the plant to be protected from browsing. Do not apply too much powder as the excess will fall to the ground and be wasted. Take care that the powder in the applicator does not become wet and clog the openings. To protect against browsing of new growth, apply powder at the onset of browsing, but preferably after bud break and before new shoots exceed 1 inch in length. Do not re-treat new growth.

Roses: Slight discoloration of petals or leaves may result from the use of this product.

Conifer Trees: For large trees, apply only to lateral branches within animal's reach. Repeat as needed.

Conifer Seedlings: If only the terminal whorl is to be protected, apply approximately one gram of powder per seedling. To protect young seedlings from winter browsing, apply repellent before onset of browsing. To protect against spring browsing of new growth, treat wet seedlings after bud break and before new shoots exceed 1 inch in length.

Note: Tying a 12" strip of plastic tagging immediately below terminal buds just prior to treatment may help to protect new growth after bud burst.
