Directions For Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Restrictions

For outdoor use only. Will stain fabric. Do not use where vegetable oil would be undesirable, such as car finishes, home sidings or screens. May stain concrete. Spray inconspicuous area to test. Animals will be repelled at the point of contact. It is important to cover entire area to be protected in each application.

Application Directions

Lawns and Gardens: To discourage unwanted dogs, cats, raccoons and deer from entering lawn or garden, spray a five-foot wide perimeter for border protection. Use spray setting. Apply 0.10 oz. (approximately 3 full trigger sprays) per square foot. Reapply every 7 to 10 days.

Garbage Bags: To reduce frequent tearing of garbage bags by dogs and raccoons, spray entire bag thoroughly, including the bottom. Use spray setting. Effective up to 36 hours before garbage pickup.

Landscaped Areas: To discourage digging by cats, dogs, raccoons and squirrels in landscaped areas, best results are achieved when product is applied to existing bark mulch.

Wet entire area to be protected, especially outer perimeter. Use stream setting. Apply 0.20 oz. (approximately 5 full trigger sprays) per square foot. Repeat as needed.

Trees and Shrubs: To prevent deer from eating non-bearing shrubbery and trees, spray accessible areas of shrubs and trees. Use spray setting. Apply 0.07 oz. (approximately 2 full trigger sprays) per square foot. Repeat as needed.
