Subject: Notification per PRN 98-10 – Add alternate brand name and other minor revisions
Product Name: ANTGUARD ENCASED
EPA Registration Number: 50932-18
Application Date: July 8, 2015
Decision Number: 506689

Dear Mr. Mongiovi:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

The alternate brand name ANTGUARD(R) FOR HUMMINGBIRD FEEDERS has been added to the product record.

If you have any questions, you may contact Elizabeth Fertich at 703-347-8560 or via email at fertich.elizabeth@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Elizabeth Fertich Dr".

Jennifer Urbanski, Ph.D.
Product Manager 04
Invertebrate & Vertebrate Branch 1
Registration Division (7505P)

MASTER LABEL-BACK PANEL (Page 1 of 3)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: Harmful if swallowed. Do not allow children to play with this product.

FIRST AID

If Swallowed: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice.

If in Eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing the eye. Call a poison control center or doctor for further treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container with you when calling a poison control center or doctor, or going for treatment.

ENVIRONMENTAL HAZARDS

The active ingredients are toxic to fish. Do not apply directly to water. Do not contaminate water by disposal of used ANTGUARD ENCASED®. Use the product only as specified on the label.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store product in original container in a cool, dry place in an area inaccessible to children and animals. Do not store with food or feed.

Container Disposal: If empty: Nonrefillable container. Do not reuse or refill empty container. Wrap device in newspaper and put in trash or dispose of in a sanitary landfill, or incinerate, or other procedures approved by state and local authorities. Call your local solid waste agency for disposal instructions.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

The ANTGUARD® ENCASED system repels ants*. The protective disk inside this product prevents ants from reaching the hummingbird feeder.

*Excludes fire, harvester, argentine, carpenter, pharaoh.

Ants* are attracted to nectar. As ants* forage they enter the ANTGUARD® ENCASED device. Inside is a disk which repels ants*. (Scout ants return to their nest and warn the other ants* (of the ANTGUARD® ENCASED.)) ANTGUARD® ENCASED keeps rain off the disk and protects the nectar supply.

To Install: First clean your hummingbird/nectar feeder and add fresh nectar according to manufacturer's instructions. Next, remove ANTGUARD® ENCASED from package and extend the lower baffle. Attach the ANTGUARD® ENCASED below the hanging hook and above the hummingbird feeder (see photo on opposite panel of package.) ANTGUARD® ENCASED starts to work immediately; all ant activity should stop within 24 hours. Under normal conditions, ANTGUARD® ENCASED will give a full season of ant* control.

Repellent disk is inaccessible to feeding birds!
