	TERM OF ISSUANCE Conditional	
	NAME OF PESTICIDE PRODUCT Dr. X Roach Killer	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Omnitech International, Inc.
 800 North Arcadia Road
 Thibodaux, LA 70301

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the label changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 51033-93."
 - b. Specify use in non-food areas of restaurants, theaters, office buildings, etc. Add the limitation "Do not use in commercial food processing or serving areas."
 - c. Delete "hospitals" or add "In hospitals, remove patients prior to treating. Ventilate for 2 hours following treatment before returning patients."
 - d. Delete "aircraft." This pressurized product does not appear appropriate for use in aircraft.

SIGNATURE OF APPROVING OFFICIAL	DATE MAY 1 1991
---------------------------------	---------------------------

e. The formula dated February 14, 1988 does not provide sufficient source material to support the label claim for 1.71% active ingredient. Either revise the label or CSF so that they agree.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
