

MAY 18 1994

Morris Gaskins  
Micro Flo Co.  
P.O. Box 5948  
Lakeland, FL 33807

Dear Mr. Gaskins:

Subject: Add use  
N-Slugs-N-Snails  
EPA Registration No. 51036-172  
Amendment application of March 31, 1994

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), sec. 3(c)(7)(A), is acceptable provided that you:

1. Submitted and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for your records.

Sincerely yours,

DHE

Dennis H. Edwards, Jr.  
Product Manager (19)  
Insecticide Rodenticide Branch

STATEMENT OF PRACTICAL TREATMENT

MAY 18 1994

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act  
as amended, for the pesticide  
registered under EPA Reg. No.

51036-172

IF ON SKIN: Wash with plenty of soap and water. Get medical  
attention if irritation persists.

IF IN EYES: Flush with plenty of water. Call a physician if  
irritation persists.

IF SWALLOWED: Call physician or Poison Control Center. Drink 1 or  
2 glasses of water and induce vomiting by touching back of throat  
with finger. Do not induce vomiting or give anything by mouth to  
an unconscious person.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin or swallowed. Causes moderate eye  
irritation. Avoid breathing dust. Avoid contact with skin, eyes,  
or clothing. This pesticide may be fatal to dogs or other pets if  
eaten. Keep pets out of treated areas.

PERSONAL PROTECTIVE EQUIPMENT

Applicators and other handlers must wear:

1. Long-sleeved shirt and long pants
2. Waterproof gloves
3. Shoes plus socks

1

BEST AVAILABLE COPY

Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

---

#### USER SAFETY RECOMMENDATIONS

Users should:

1. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet
  2. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing
- 

#### ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply directly on fruits and vegetables and use only on soil.

For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

---

#### AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment and restricted-entry intervals. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 12 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated such as plants, soil, or water, is:

1. Coveralls
  2. Waterproof gloves
  3. Shoes plus socks
-

#### NON-AGRICULTURAL USE REQUIREMENT

The requirement in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses.

Keep children, pets, and other unprotected persons out of treated areas until soil has dried.

READ ENTIRE LABEL. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS.

#### STORAGE AND DISPOSAL

STORAGE: Keep pesticide in original container. Do not put into food or drink containers. Avoid contamination of feed and foodstuffs. Store in a cool, dry place, preferably in a locked storage area.

DISPOSAL: Securely wrap original container in several layers of newspaper and discard in trash.

#### DIRECTIONS

Apply N-Slugs-N-Snails during the daytime in the shade or during overcast skies. Preferred time is during the evening hours, after sprinkling water, or after a rain. Scatter the Bait onto the surface of the soil around gardens, flowers, ornamental plants and lawn areas. Apply one pound of Bait to each 1,000 sq. ft. For heavier infestation apply over a smaller area. Apply only to soil surface around plants. Do not apply to foliage or other plant parts. See directions for use around vegetables and fruits. Snails and Slugs are likely to infest at the start of the spring growing season. Bait early before damage occurs. Treatment every two weeks should give good control. During periods of heavy moisture, rainfall or waterings, it may be necessary to bait more often.

#### ADDITIONAL DIRECTIONS

N-Slugs-N-Snails bait is a patented formulation to attract and control both juveniles and adult snails and slugs. N-Slugs-N-Snails bait is easy to apply and economical. One pound of N-Slugs-N-Snails will bait 1,000 square feet. Snails and Slugs may be observed on-the-spot with a oozy slime excretion trail. Snails and slugs will eat anytime of the day, when overcast sky, rainy days, in damp cool places, under wood piles and trash, around and on ornamental gardens, on flowers along fence lines and around bushes. Scatter N-Slugs-N-Snails bait onto the soil during wet or dry occasion. Water may be added before applying but is not necessary.

....  
....

**GREENHOUSES, HOT HOUSE AND LATH STRUCTURES:** Place around the pots, planters, and flats. Keep bait from coming in contact with plants. Scatter at anytime, when dry, wet, or after watering.

### FRUITS AND VEGETABLES

To control snails and slugs around the following fruits and vegetables, apply onto the soil surface around the plants. Do not contaminate edible parts.

#### FRUITS:

Apples, Avocados, Blackberries, Blueberries, Boysenberries, Caneberries, Cherries, Citrus, Grapes, Peaches, Plums, Raspberries, Strawberries

#### VEGETABLES:

Asparagus, Beans, Black-eyed peas, Broccoli, Brussel Sprouts, Beets, Cabbage, Cantaloupes, Carrots, Cauliflower, Celery, Collards, Corn, Cowpeas, Cucumbers, Eggplant, Endive, Garlic, Ginseng, Horseradish, Kale, Kohlrabi, Leeks, Lettuce, Melons, Mustard greens, Okra, Onions, Parsnips, Peas, Peppers, Potatoes, Pumpkins, Radishes, Rhubarb, Rutabagas, Salsify, Shallots, Sweet potatoes, Swiss chard, Spinach, Squash, Tomatoes, Turnips and Watermelons.

### CONDITIONS OF SALE

All statements concerning the use of this product apply only when used as directed.

THE MANUFACTURER MAKES NO WARRANTIES, EXPRESSED OR IMPLIED, CONCERNING THIS PRODUCT OR ITS USE, WHICH EXTEND BEYOND THE DESCRIPTION ON THE LABEL.

Read all directions carefully.
