page 2

EPA Reg. No. 51036-414

4. Change EPA Reg. No. on label from 51036-URU to 51036-414.
5. Add an appropriate EPA establishment number on label.
6. Change the Picloram acid equivalent from 81.3% to 81.6% on both the CSF and label.
7. Change PRECAUTIONARY STATEMENTS to:
"Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse."
8. Add an appropriate emergency contact number under FIRST AID statements.
9. Remove "Open dumping is prohibited" from directly under STORAGE AND DISPOSAL, and place under subsection Pesticide Disposal.
10. Add subsection Pesticide Storage under STORAGE AND DISPOSAL, with appropriate text following. Place before Pesticide Disposal section, and after the phrase "Do not contaminate water, food, or feed by storage and disposal."
11. Remove the statement "Do not contaminate atmosphere: When formulating products, do not allow....." from under STORAGE AND DISPOSAL. Note that this statement already appears under HANDLING PRECAUTIONS.
12. Add a statement to the label that states: "This technical product can only be used to formulate end use products which have an EPA approved stewardship program in place."

You will submit three (3) copies of your final printed labeling before you release the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). A stamped copy of labeling is enclosed for your records.

James Tompkins
Product Manager (25)

BARCODE: 292363 ; Reg. No. : 51036-URU

PRODUCT: Picloram K Salt technical

CONCLUSIONS:

TRB concludes that Registration of Picloram K Salt technical is acceptable, from a product chemistry view point, providing the Registrant addresses the following. Registration of Picloram K Salt technical is contingent on the Registration of Picloram Acid, Reg. No. 51036-UNU.

1. The product chemistry data submitted corresponding to guideline reference 830.1550 (Product identity and composition) and 830.1750 (Certified limits) do not satisfy the data requirements of 40CFR§ 158.155 and 40CFR§ 158.175, because the CSF for the basic formulation is not acceptable as written. The CSF will be acceptable providing the Registrant addresses the following deficiencies:

1a. The chemical name on the proposed picloram K Salt Technical must be included in column 10 of the CSF, along with the 81.6% picloram acid equivalent, as listed on the label.

1b. Boxes 18 and 21 of the CSF must be completed, giving the signature of the approving official and the date and box 4 must include the Reg. No., 51036-URU.

1c. The CSF should be revised to comply with the Agency format for integrated products (products which are produced as a result of chemical reactions between two or more chemical compounds). (See Confidential Appendix)

1d. The product chemistry data submitted corresponding to guideline reference 830.1600 (Description of materials used to produce product) do not satisfy the data requirements of 40CFR§ 158.160. To satisfy guideline 830.1600, the Registrant must submit material safety data sheets for all reactants used to produce the technical.

2. The Registrant must submit samples of the Picloram K Salt to the EPA laboratory in Fort Mead, prior to Registration in order to satisfy the guideline reference 830.1900 and the requirements of 40CFR§158.190.

3. The product chemistry data submitted corresponding to guideline reference 830 Series Subgroup B(Physical/Chemical Properties) for the technical satisfy the requirements of 40CFR§158.190 and are acceptable, conditionally, except for one year studies Guidelines 830.6317, Storage Stability, and 830.6320, Corrosion Characteristics, which have been initiated.

PICLORAM K-SALT TECHNICAL

For Manufacturing Use Only

ACTIVE INGREDIENT:

Picloram:

4-amino-3,5,6-trichloropicolinic Acid, potassium salt. . . 94.5%

INERT INGREDIENTS: 5.5%

TOTAL: 100.0%

Picloram acid equivalent - 81.3%

KEEP OUT OF REACH OF CHILDREN

WARNING

FIRST AID

IF IN EYES:

- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

IF SWALLOWED:

- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by the poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

IF ON SKIN OR CLOTHING:

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

IF INHALED:

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible.
- Call a poison control center or doctor for further treatment advice.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Harmful if swallowed or absorbed through skin.

Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

EMERGENCY NUMBERS:

- Transportation or spill, call CHEMTREC 800-424-9300.
- Human health, call Poison Control Center at 800-900-4044.
- Animal health, call ASPCA at 800-345-4735.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to some plants at very low concentrations. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a herbicide for the following uses:

- Rangeland and permanent grass pastures
- Barley, oats and wheat
- Fallow cropland
- Conservation Reserve Program (CRP)
- Forests
- Non-cropland

Because of their properties and intended uses, herbicides formulated from Picloram K-Salt Technical herbicide may require

6/16

precautionary labeling differing from that given. Formulators should develop their own use and precautionary labeling, based on the properties and intended uses of their own finished formulations, and in accordance with all pertinent laws and regulations.

HANDLING PRECAUTIONS

Do not contaminate water: Do not allow Picloram K-Salt Technical to contaminate water used for irrigation, drinking, or other domestic purposes. Do not clean containers near water used for these purposes.

Do not contaminate atmosphere: When formulating dry products, do not allow dust particles from Tordon K Salt Liquor to contaminate the atmosphere. Small amounts may injure certain broadleaf plants.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse container. Triple rinse (or equivalent). Puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Do not contaminate atmosphere: When formulating products, do not allow dust particles from Picloram K-Salt Technical to contaminate the atmosphere. Small amounts may injure certain broadleaf plants.

WARRANTY LIMITATIONS AND DISCLAIMER

Micro Flo warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions for Use, subject to the inherent risks, referred to above. MICRO FLO MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY. IN NO CASE SHALL MICRO FLO OR THE SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. Micro Flo and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of Micro Flo Company.
