NAME OF PESTICIDE PRODUCT

EPA REGISTRAT51109-2

E-Z CLOR BIG TABS

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

South Central Pool Supply, Inc. 2750 Lake Villa Drive, Suite 201 Metairie, LA 70002

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named posticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the tabeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this by others.

Based on your response to the Reregistration Eligibility as been covered Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.

Make the following labeling changes before you release the product for shipment:

- 1. Refer to the enclosed Attachment A for the necessary revisions to the Precautionary Statements for the subject product.
- 2. Revise the Environmental Hazards statement to read: "
 This pesticide is toxic to fish and other aquatic organism.
 Do not discharge effluent containing this product into
 lakes, streams, ponds, estuaries, oceans or other waters
 unless in accordance with the requirements of a National
 Pollutant Discharge Elimination System (NPDES) permit and
 the permitting authority has been notified in writing prior
 to discharge. Do not discharge effluent containing this

DIRECTION'

H USE

It is a violation of a flaw to use this product in a manner inconsistent with its labeling.

E-Z Clore Big Tabs neigh prevent growth of algae, bacteria and fungl in swimming pools. Place tablet in plastic skimmer teacher. Avoid metal objects

i. Before using E-Z Clor Big Tabs for the first time, pool water should be stabilized with E-Z Clor Clor Save chloring stabilizer to flow directions on the label for that product. Stabilizer increases the effective life of chloring by reducing loss caused by the sun's rays. Add the stabilizer slowly to the pool. Bo not backwash the litter for two days following either method of application.

Then treat the pool with a shock dose of chlorinaling compound, using a quickly soluble form such as E-2 Clor Quick Cissolve Concentrated Pool Chlorinaling Compound, Follow directions on the label for that product. After several hours, check the chlorine residual to determine if at least 1.0 to 2.0 ppm has been obtained. If the chlorine residual is less than 1.0 to 2.0 ppm, repeat the shock dose until at least that level has been obtained.

3 Place one E-Z Clor ring Tab tablet in the pool's skinmer to provide daily chlorination. Add additional tablets if needed to maintain a chloring residual of 1.0 to 2.0 ppm as determined by a suitable test kit. Give a shock dose (see No. 2 above) whenever aligne test.

Reep pli of water between 7/2-7.5. Use a chloring test kit for accurate chloring and pli control

Reentry. Reentry into treated swimming pool/spas is prohibited above levels of 3 ppm of chloring

POCL FORMULA

Rectangular or Square Pools: Length x width x average depth (in feet) x 7.5 (gives you pool capacity in gallons)

Round Pools. Diameter x diameter x average depth (in feet) x 5.9 (gives pool capacity in gallons)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Highly corrosive. Causes skin and eye damage. May be tatal it swallowed. Do not get in eyes, on skin or on clothing. Wear coggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wasti con-

PRACTICAL TREATMENT—FIRST AID: IF SWALLOWED, promptly drink one or two large glasses of water or milk. DO NOT induce your way. Get medical attention. Avoid attention. If on the Skin: Brush off excess chemical and flush skin with cold water for at least 15 minutes. It in Eyes. Flush with cold water for at least 15 minutes. Get medical attention.

MINITES. II IN types. Flush with cold water for all least 15 minutes. Get medical attention.
