NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The following information is provided for your information: (1) The name of the pesticide is [illegible] (2) The EPA registration number is [illegible]

This registration is based on data received from the registrant or registrants on [illegible] under FIFRA sec. 3(c)(1) and the Agency reserves all other rights in the name of the pesticide.

Make the following changes to the label before you release the product to the market:

- a. Add the phrase "EPA Registration No. [illegible]"
- b. Include "Bacteriostatic" in the product name at the top of the pamphlet. (See section 1.1 of our previous order.)
- c. Correct the spelling of "Ingredient" in the label on Active Ingredient requirement document.
- d. Refer to the "Front Panel Precautionary Labeling Requirements" enclosure for information regarding the type of requirements.

The silver release date are acceptable. Please note that the data have been reviewed by EPA and are acceptable.
