Houston, TX 77055

SUBJECT: ACTABS XX
EPA Registration Number: 51219-4
Application Date: August 17, 2011
Receipt Date: August 25, 2011

Dear Mr. Kerns:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable subject to the conditions listed below:

- Revise label as per PR Notice 2007-4

Conditions

Revise your Storage and Disposal Section to read exactly as follows as per PR Notice 83-3 and 2007-4:

“Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in cool dry place inaccessible to children.

Pesticide Disposal: Pesticide wastes may be hazardous. Improper disposal of excess pesticide is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

Container Handling: Nonrefillable container. Do not reuse or refill this container. Discard pouch in trash after use.”

ACCEPTED
with COMMENTS
in EPA Letter Dated:

NOV 17 2011

Under the Federal Insecticide,
Fungicide, and Rodenticide Act as
amended, for the pesticide,
registered under EPA Reg. No. 51219-4

ACTABS® XX

AIR CONDITIONING & REFRIGERATION DRAIN PAN TREATMENT
FOR AIR CONDITIONING SYSTEMS FROM 20 TONS & UP

12 (1/3 OZ.) TABLETS NET WT. 4 OZ.

Eliminates or prevents most blockages in drain lines due to the build-up of bacterial slime, rust, scale, sludge, air-borne dust, silt and other solids. Combats stale water odors. When used according to directions, **ACTABS® XX** will inhibit the growth of the following organisms: Thermoactinomyces vulgaris, Pseudomonas effusa, Pseudomonas aeruginosa, Bacillus circulans, Bacillus licheniformis, Bacillus megaterium and Aerobacter aerogenes.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Remove inner package containing tablets from outer plastic bag. Place the package, holes down and tablets facing up, into drain pan at a point as far from the drain hole as possible. Be sure that the single tablet at one end of the package is farthest from the drain hole. In extremely dirty pans it would be helpful to clean the pan before placing the package in the pan. The dirt might block the opening in the bottom of the package and inhibit metering of the ACTABS® XX. If there is any concern about the pouch being pushed to a hard-to-reach part of the drain pan, or if the drain hole is very large, tie one end of the cord to the grommet on the pouch, and affix other end to unit. Use one pouch for every seven square feet of drain pan area. The pouch should not be completely submerged. If necessary place a brick or similar object into the pan and place the pouch on top of it so that the top of the pouch is above the water level. Replace pouch when tablets have dissolved.

STORAGE AND DISPOSAL: Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in a cool, dry place inaccessible to children.

DISPOSAL: Nonrefillable container. Do not reuse or refill this container.

KEEP OUT OF REACH OF CHILDREN.
DANGER: SEE BACK PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

**PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.**

DANGER: Corrosive. Causes irreversible eye damage and skin irritation. Do not get in eyes or on skin or on clothing. Harmful if swallowed. Wear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first five minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.
Note to Physician: Probable mucosal damage may contraindicate use of gastric lavage.

Active ingredients:

n-Alkyl (98% C₁₂, 2 % C₁₄) dimethyl L-naphthylmethyl ammonium chloride monohydrate.....20%
Inert ingredients.....80%
100%
