Directions for use:

It is a violation of Federal Law to use this product in a manner inconsistent with its label.

This product is a cleaner, disinfectant, deodorizer for use in hospitals, nursing homes, hotels, motels, animal housing of various types, surgical, mortuary and laboratory work areas and institutions, where housekeeping will be of prime importance in controlling the hazard of cross contamination of environmental surfaces.

This product can provide the assurance that, when used as directed, a marked reduction in the microbial population will result in and on such environment.

This product, when mixed at 1 ounce to a gallon of water, will clean, deodorize and disinfect floors, walls, bathroom fixtures, tile, sinks, garbage pails, restrooms, bedside tables, hospital halls, operating rooms, bedpans, kennels, tables or any hard surface such as stainless steel, formica, plastic, or aluminum.

Remove gross filth or heavy soil. Pre-clean all surfaces prior to application of the product. Thoroughly wet all surfaces to be cleaned with a mop, cloth, sponge or spray for a contact time of at least 10 minutes at a temperature of 20°C or higher. A fresh solution should be prepared for each use.

This product is effective against *Staphylococcus Aureus*, *Salmonella*, *Pseudomonas*, *Mycobacterium Tuberculosis* subsp. *bovis* (BCG), Pathogenic fungi, as well as Herpes Simplex Type 2 virus and Influenza A2/Hong Kong virus. It controls odors by destroying odor producing microorganisms on environmental surfaces. Do not use for food storage areas.

This product, when mixed at 2 ounces to a gallon of water is effective against *Mycobacterium tuberculosis* subsp. *bovis* (BCG) when applied to inanimate hard nonporous surfaces for a contact period of 5 minutes at 21°C or higher.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals. Corrosive. Causes severe eye and skin damage. Do not get in eyes, or on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful or fatal if swallowed; avoid contamination of food.

ENVIRONMENTAL HAZARDS

Do not contaminate water, food or feed by use, storage or disposal.

STORAGE AND DISPOSAL

STORAGE: Store at room temperature.

CONTAINER DISPOSAL: Do not reuse container. Rinse thoroughly before discarding in trash.

PESTICIDE DISPOSAL: Do not contaminate the water, food or feed by storage or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

This product is not to be used as a terminal sterilant/high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. This product may be used to pre-clean or decontaminate critical or semi-critical medical devices prior to sterilization or high-level disinfections.
