**100% BORIC ACID ROACH KILLING POWDER**

## DIRECTIONS FOR USE GENERAL CLASSIFICATION

It is a violation of Federal law to use this  
product in a manner inconsistent with its  
labeling.

To control cockroaches, ants and silverfish  
and waterbugs: Snip off tip of applicator. Powder  
should flow freely from bottle when squeezed. If  
not, cut off more of tip. For faster application,  
remove top. Use a spoon to distribute powder in  
hard-to-reach places. Apply liberally, scattering  
under and behind refrigerator, stove, sink,  
dishwasher, washing machine and dryer, tubs  
into openings around drains, water pipes and  
electrical conduits, and in cracks and crevices  
along baseboards and corners of cabinets, cup-  
boards and closets. Remove all lower drawers  
in kitchen and bathroom cabinets, bedroom  
dressers and chests of drawers, then scatter  
liberally in drawer walls.

Reapply as necessary. Any powder visible  
after application must be brushed into cracks  
and crevices or removed. Apply only in areas  
inaccessible to children and pets. Do not use in  
edible product areas of food handling establish-  
ments, restaurants or other areas where food is  
commercially prepared or processed. Do not  
use in serving areas while food is exposed.  
Avoid contamination of feed and foodstuffs.

This product may be used in homes, markets,  
schools, warehouses, factories, hotels, hos-  
pitals, garages, apartment buildings and military  
bases.

**STORAGE:** Store only in original container  
in a dry place inaccessible to children and pets.

**DISPOSAL:** Do not reuse empty container.  
Securely wrap in newspaper and discard in  
trash.
