DIRECTIONS FOR USE
GENERAL CLASSIFICATION - *delete*

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control cockroaches, ants, silverfish, and waterbugs: **SHAKE WELL, TURN CAP UNTIL FULLY OPEN, HOLDING BOTTLE AT 45° ANGLE. POWDER SHOULD FLOW FREELY WHEN SQUEEZED.** For better application, remove top. Use a spoon to distribute powder in hard-to-reach places. Apply liberally, scattering under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, sink, into openings around drans, under pipes and electrical conduits, and in cracks and crevices along baseboards and corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and closets of drawers, then scatter liberally in drawer tracks.
 Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared, or processed. Do not use in serving areas where food is exposed. Avoid contamination of feed and foodstuffs.
 This product may be used in homes, markets, schools, warehouses, factories, hotels, hospitals, garages, apartment buildings, and military bases.
