**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

DANGER: Corrosive. May cause severe skin irritation or chemical burns to broken skin. Causes eye damage. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent may not be discharged into lakes, streams, ponds or public waters without a valid discharge permit. For guidance, contact the regional office of the Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS:

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with gross filth such as feces, urine, etc., or with ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes.

**"FOR SWIMMING POOL CHLORINATION
AND SANITIZING."**

ACTIVE INGREDIENT
SODIUM HYPOCHLORITE 10%
INERT INGREDIENTS 90%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

FIRST AID: If on skin, wash with plenty of soap and water. If in eyes, flush with water for at least 15 minutes. Get medical attention. If swallowed, drink large quantities of milk or gelatin solution or, if these are not available, drink large quantities of water. Do NOT give vinegar or other acids. Do NOT induce vomiting. Get prompt medical attention.

See additional precautions on side panel.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

DIRECTIONS FOR SWIMMING POOL CHLORINATION
For new pools or for spring start-up, superchlorinate with one half gallon of this sodium hypochlorite solution for each 10,000 gallons of water. This dosage is for a minimum of 5 ppm available chlorine by weight. **11,000**

A. Adjust pool water pH to 7.6 - 7.8 range and maintain.
B. Add manually or by a feeder device 1/2 gallon of this sodium hypochlorite solution for each 5000 gallons of water. Provide 1.0 ppm available chlorine by weight. Frequency of additions to maintain 0.8 to 1.0 ppm available chlorine will depend upon temperature and number of swimmers. Use test kit to make certain the chlorine level is in the proper range.

**DIRECTIONS FOR DISINFECTION OF POTABLE WATER
FOR HOME WELL WATER SYSTEMS**

Disinfect this sodium hypochlorite solution in the ratio of one part sodium hypochlorite solution to 10 parts softened water. Mix sodium hypochlorite solution and water thoroughly and begin feeding of solution with a hypochlorinator into the pump. Maintain a free available chlorine residual of at least 0.2 ppm and no more than 0.6 ppm throughout the distribution system as determined by a DPD chlorine test kit. Frequent sampling must be conducted at a frequency no less than that prescribed by the Federal Interim Primary Drinking Water Regulations. Check water frequently with a DPD chlorine test kit.

DIRECTIONS FOR SANITIZING FOOD PROCESSING OR DAIRY EQUIPMENT
Clean equipment in the normal manner. Just before using, use this sodium hypochlorite solution containing 200 ppm available chlorine. Use only for contact with disinfectant for a minimum of two minutes. Do not use with water after treatment with sodium hypochlorite solution. Do not soak overnight. Addition of 2 1/2 fluid ounces of this sodium hypochlorite solution per 100 gallons of water will provide approximately 200 ppm available chlorine by weight.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine.

STORAGE AND DISPOSAL: Store in cool, dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Rinse empty container thoroughly with water and either return to manufacturer or send to a hazardous waste collection or burning plant. Do not reuse. Product may release other chemicals if used, stored, or disposed of in a sanitary sewer. Do not contaminate food or feed by storage, disposal, or cleaning of equipment.

A.) Your company name and address (street, city, state, Zip Code) (Do not insert name "Jones Chemicals, Inc.")

B.) EPA Registration Number:

C.) If you already have an EPA Establishment Number, insert it here. Otherwise, contact your nearest EPA Enforcement Office to have an EPA Establishment Number assigned to your company. Final printed label should be submitted to Jones Chemicals, Inc. (Attn: Ruthann Harvey) for official approval even though you are in the process of applying for an EPA Establishment Number. DO NOT SEND LABELS DIRECTLY TO EPA.

D.) Net volume, in terms of largest unit present. Such as: 1 gal (or 1 pint 2 ounces for 18 ounces, etc.).

E.) Print your product name here, along with label artwork.

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDE REGISTRATION REGISTRATION DIVISION, WASHINGTON, D.C. 20460 NOTICE OF PESTICIDE REGISTRATION <i>Label, Formula, and Name</i> <i>with a New Registration</i>	EPA REGISTRATION NO.	DATE OF ISSUANCE
	TERM OF ISSUANCE	
NAME OF PESTICIDE PRODUCT		
NAME AND ADDRESS OF REGISTRANT (If known)		
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p> <p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>
