

SPA CONTROL

51422-5

ACTIVE INGREDIENT

Poly[oxyethylene (dimethyliminio) ethylene-
(dimethyliminio) ethylene dichloride] 6.0 %

INERT INGREDIENT 94.0 %

This product contains 0.5 lb. of active ingredient per gallon and weighs 8.44 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, or ponds. Permits may be required for discharges containing this pesticide into lakes, streams, ponds, or public water. For guidance, contact the regional office of the Environmental Protection Agency.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

SPA CONTROL is used to control the growth of algae in exterior spas, whirlpools, and hot tubs. For maximum effectiveness, spas, whirlpools, or hot tubs containing heavy growth of algae should be cleaned prior to using SPA CONTROL.

For spas, whirlpools, or hot tubs having just visible algae growth add an initial dose of 10 to 15 fluid ounces of SPA CONTROL per 1,000 gallons of water.

For treatment of a freshly cleaned and filled spa, whirlpool, or hot tub, add initially 7 to 10 fluid ounces of SPA CONTROL per 1,000 gallons of water.

To maintain spas, whirlpools, or hot tubs free of visible algae growth, subsequent additions of 2 to 5 fluid ounces of SPA CONTROL should be made every 5 to 7 days after the initial treatment.

SPA CONTROL is compatible with those chemicals normally used to treat spas, whirlpools, and hot tubs and is effective at both acid and alkaline pH. SPA CONTROL can be used in spas, whirlpools, and hot tubs treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix SPA CONTROL with concentrated dry or liquid chlorine products.

STORAGE & DISPOSAL: Keep container closed when not in use. Do not contaminate water, food, or feed by storage, disposal or cleaning of equipment. Rinse that cannot be used or reprocessed should be disposed of in a landfill approved for pesticides or buried in a safe place away from water supplies. Open dumping is prohibited.

METAL CONTAINERS: Triple rinse and offer for recycling, reconditioning, or disposal in an approved landfill or bury in a safe place.

PLASTIC CONTAINERS: Do not reuse empty container. Triple rinse and incinerate or dispose of in an approved landfill or bury in safe place.
