(Label - back panel of container)

Power-Pack Boric Acid Roach Killer is an odorless, non-staining, free-flowing white powder that kills roaches, ants, silverfish, and water bugs. The powder adheres to the insects' legs and bodies, so that they carry it to their hiding places where they eat it and die. When used according to label directions, Power-Pack will kill roach populations within 7 to 10 days.

Directions for use as a powder:

Apply liberally behind and under sinks, stoves, refrigerators, dishwashers, clothes washers and dryers, cabinets, radiators, base-board heaters, bathtubs, and stall showers; around water and waste pipes, garbage cans, sewers, and electrical receptacles and switch plates; underneath cabinet drawers, and wherever roaches are seen. Reapply when necessary. After use, carefully brush any visible powder into cracks and crevices, or remove.

Directions for use as a baited trap:

To use as a baited trap, cover a slice of bread with 2 teaspoonful of powder and place baited bread in a high place out of the reach of children and pets. Wrap baited bread in newspaper and throw away in trash collection after 7 days.

Directions for storage:

Store only in original container in a dry place inaccessible to children and pets.

Directions for container disposal:

Do not reuse empty container. Wrap container in newspaper and put in trash collection.

Precautionary statements:

Harmful if swallowed. May cause eye irritation. Avoid contact with eyes. Wash thoroughly after handling. Keep out of reach of children and pets. Do not place in area where children or animals may come in contact with treated surfaces. Do not contaminate food, food containers, animal feed, or cooking or eating utensils.

Do not use in edible products areas of restaurants, food processing plants, or other areas where food is prepared, processed, or served. Do not use in serving areas where food is exposed.

Not for use on humans or pets. This product is capable of destroying plant life. Do not place in flower pots, or on grass or trees.

Statement of practical treatment:

Immediately contact physician or Poison Control Center if swallowed. If eye contact occurs, flush eyes with plenty of water. If irritation persists, get medical attention.

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
