

U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (WH-567) WASHINGTON, D.C. 20460	EPA REGISTRATION NO. 51708-11	DATE OF ISSUANCE JUL 9 1985
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT ProTeam Supreme	

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

John Girvan Company, Inc.
 8295-6 Western Way Circle
 Jacksonville, FL. 32216

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. The product is conditionally registered for acceptance with the following conditions:

2. Submit an original and three copies of the registration for the registration of your product under FIFRA section 3(c)(5) with the following requirements: all registrations of similar products to support such data.

3. Advise your distributor according to the conditions set forth in this registration for your supply.

4. Add the phrase "EPA Registration No. 51708-11" to your label when you release the product for shipment.

5. Submit three (3) copies of your final printed labeling to the Agency when you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(c). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

with COMMENTS
in EPA Letter Dated:

JUL 9 1985

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.
51708-11

Back Panel

PROTEAM SUPREME

When used as directed, this product is effective as an algae control in swimming pools. PROTEAM SUPREME will also give a more brilliant blue color to the pool water, less problems with metallic salts that are dissolved in the pool water, and allows for an algae free pool, while ~~maintaining a much lower concentration of chlorine or bromine~~. PROTEAM SUPREME is compatible with most chemicals used in swimming pool water.

Directions: A concentration of one hundred milligrams per liter of PROTEAM SUPREME must be established and maintained at not less than fifty milligrams per liter, pH adjusted to between 7.6 and 7.8. This is accomplished by adding ten pounds of PROTEAM SUPREME to each ten thousand gallons of pool capacity. Then adjust pH by using standard acid demand test kit. A weekly addition of one pound of PROTEAM SUPREME for each ten thousand gallons of pool capacity will maintain a constant level of PROTEAM SUPREME.

Warnings: Keep out of reach of children. Causes eye, skin and breathing irritation. FIRST AID: 1. Skin contact - thoroughly wash with soap and water. 2. Eye contact - flush with large amounts of water, lifting lids, get medical attention. 3. If swallowed - induce vomiting, get medical attention. 4. Inhaled - move to fresh air, administer artificial respiration, get medical attention. Rinse empty container thoroughly and discard.
