NAME OF PESTICIDE PRODUCT Clo White Bleach					
<p>NAME AND ADDRESS OF REGISTRANT (Include ZIP code)</p> <p>Clo White Company P. O. Box 456 Hampton, GA 30228</p>					
<p><small>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</small></p>					
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p> <ol style="list-style-type: none"> 1. Submit and/or cite all data required for registration/re-registration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar products to submit such data. 2. Add the phrase, "EPA Registration No. 51790-3" to your label before you release the product for shipment. 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling. 4. Submit a corrected Confidential Statement of Formula. The upper and lower certified limits for the diluent should be reversed. The upper certified limit for the third listed impurity must not exceed 0.5. <p>If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.</p> <p><input type="checkbox"/> ATTACHMENT IS APPLICABLE</p>					
<p>SIGNATURE OF APPROVING OFFICIAL</p>					

A stamped copy of the label is enclosed for your records.

FOR A CLEANER, FRESHER HOUSEHOLD and LAUNDRY

YOUR LAUNDRY NEEDS THIS BLEACH:

For the broad range of laundry problems, no other detergent additive can give a cleaner, brighter wash.

BRIGHTENS WHITES AND REMOVES STAINS This bleach works with detergent to remove tough dirt and stains that detergent alone cannot.

DISINFECTS AND ELIMINATES ODORS This bleach disinfects and deodorizes laundry by eliminating most germs and their odors.

BOOSTS COLD WATER CLEANING POWER Most detergents do not clean as well in cold or warm water. This bleach gives your detergent extra cleaning power to remove stains and kill germs in cooler water.

To check if a garment is bleach-safe, try this **BLEACH-SAFE TEST**: apply one drop of a test solution (1 tablespoon this bleach plus 1/4 cup water) to a hidden part of the fabric. Check all colors including trim. Let stand 1 minute, then blot dry. No color change means the article can be safely bleached.

In case of accidental spill, immediately absorb bleach with clean rag and rinse area thoroughly with water.

EXERCISE CARE IN HANDLING. PRODUCT SHOULD BE CARRIED AND STORED IN AN UPRIGHT POSITION TO AVOID SPILLAGE.

DIRECTIONS FOR LAUNDRY USE:

PRETREAT STAINS AND HEAVY SOILS Stubborn stains may be soaked for 5 minutes in a solution of 1/4 cup of bleach to 1 gallon of cool sudsy water.

SORT LAUNDRY BY COLOR AND FABRIC Separate whites from colors, light colors from dark ones. Avoid bleaching wool, silk, mohair, leather, spandex, and non-fast colors.

ADD BLEACH AND DETERGENT (this bleach may be added to the wash water before laundry is put in, or for best results dilute with a quart of water and add 5 or 6 minutes after the wash cycle has begun. Use the recommended amount of this bleach as shown. For very large loads, add slightly more bleach.

REGULAR TOP LOADING AUTOMATIC... 1 cup

LARGE TOP LOADING AUTOMATIC... 1 1/2 cups

FRONT LOADING AUTOMATIC... 1/2 cup

HAND LAUNDRY (2 GALLONS SUDSY WATER)... 1/8 cup

STORAGE AND DISPOSAL: Store this product in a cool dry area, away from direct sunlight and heat to avoid deterioration. In case of a spill, flood area with large quantities of water. Product or residues that cannot be used should be diluted with water before disposal in a sanitary sewer. Do not reuse empty container but place in trash collection. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

DIRECTIONS FOR HOUSEHOLD USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This bleach is a highly effective deodorizer and disinfectant for your bathroom and kitchen. This bleach kills such household germs as staphylococcus, strep, influenza virus A2/Hong Kong, Rhinovirus Type 17, and/or Adenovirus Type 2 and athlete's foot fungus on environmental surfaces.

TOILET BOWLS Flush toilets. Pour 1/2 cup of the bleach into bowl. Brush. Let stand 10 minutes; flush.

BATHTUBS AND SHOWERS Flush drains. Clean with a solution of 3/4 cup of bleach per gallon warm sudsy water. Let stand 5 minutes. Rinse.

KITCHEN SINKS Cover stains with 2/3 gallon water, add 1/2 cup of bleach. Let stand 5 minutes. Rinse.

FLOORS, VINYL, TILE, WOODWORK, AND APPLIANCES Clean with a solution of 3/4 cup of bleach per gallon of sudsy water. Let stand 5 minutes. Rinse.

PRECAUTIONARY STATEMENTS

WARNING:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
Causes substantial but temporary eye injury. Wear goggles or safety glasses. Due to irritating nature, may be harmful if swallowed. May irritate skin. Wash thoroughly with soap and water after handling; remove contaminated clothing and wash before reuse.

PRACTICAL TREATMENT: If in eye: remove contact lenses; rinse with plenty of water for at least 15 minutes. If swallowed: drink large amounts of water. DO NOT induce vomiting. Call a physician or poison control center immediately. If contact with skin: immediately remove contaminated clothing and wash skin thoroughly with water.

PHYSICAL AND CHEMICAL HAZARDS
Strong oxidizer. Flush drain before and after use. Do not use or mix with other household chemicals, such as toilet bowl cleaners, rust removers, acid or ammonia containing products. To do so will release hazardous gases. Prolonged contact with metal may cause pitting or discoloration.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewer treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.
