NOTICE OF PESTICIDE

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended

NAME AND ADDRESS OF REGISTRANT (Include ZIP Code)

1000 ...
...
... 55222

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division in prior use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Re-registration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his own motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right of exclusive use of the name or its use if it has been used by others.

This product is conditionally registered in accordance with 16 CFR 155.10(a) provided that you:

1. Add the following, precautionary warning about eye irritation to the label, precautionary statement: "Keep out of eyes."
2. You must provide specific irritation values for the active ingredients. Also include a brief discussion of how these limits were established. Active ingredient limits are normally set by reference to analytical methods established by your quality control procedure. Inert ingredient limits are normally established by reference to the published literature or by other methods.
3. Please provide a brief discussion of the formulation process.

7/5/74

5. You must provide the data and storage protocol which demonstrate the stability of satisfactory stability on storage. You must include a stability study at room temperature or warehouse conditions.
6. Add the phrase, "EPA Registration No. 250-1-10" to the label and release the product for shipment.
7. Correct the piperonyl boronate footnote to read: "Piperonyl boronate is a synergist used to increase the effectiveness of the active ingredient."

If these conditions are not complied with, the registration is subject to cancellation in accordance with FIFRA section 2(c)(2). Your continued sale of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your information.
