NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The product is conditionally registered in accordance with FIFRA sec. 2(e)(1)(2) provided that you:

1. Submit the chemical identity (i.e., chemical formula of the representative ingredient), etc. The supplier may contact us directly with the information referenced file #51793-24 in the response.
2. Furnish the Confidential Statement of Formula (CSF) so the total weights of each component add up to the total batch weight (100 lbs) and the % by weight column adds up to 100%. (Please note, 99.9 to make 100% is not acceptable. Specific values must be provided.)
3. [REDACTED]
4. Submit the Data Matrix and include the product chemistry of your product.
5. Add the phrase, "EPA Registration No. 51793-24," to your label before you release the product for shipment.
