NAME AND ADDRESS OF REGISTRANT (Include ZIP code)  <input type="checkbox"/> <input type="checkbox"/> Pesticide Registration P.O. Box 7-5888 Miami, FL 33107  <div style="text-align: right; border: 1px solid black; padding: 5px; width: fit-content; margin: 0 auto;">BEST AVAILABLE COPY</div>		
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.  A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.  Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.  This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you: 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data. 2. Make the labeling changes listed below before you release the product for shipment: a. Add the phrase "EPA Registration No. 51793-31." b. Add to your "Precautions to Humans and Domestic Animals" paragraph the statement: CAUTION: May be harmful if swallowed. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wash thoroughly after handling. c. Add an "Environmental Hazards" paragraph to your label. This paragraph should be placed after your Hazards to Humans paragraph and read: This product is extremely toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.		
<input checked="" type="checkbox"/> ATTACHMENT IS APPLICABLE		
SIGNATURE OF APPROVING OFFICIAL <i>[Signature]</i>		DATE 5/15/83

If these conditions are not complied with, the registration will be subject to cancellation in accordance with PIPRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

## INSECT SPRAY

MAY 15 1985

With  
**DURS BAN**

of the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under EPA Reg. Nos.

51793-31

To kill ants, carpet beetles, centipedes, cockroaches, crickets, earwigs, fire ants, pillbugs, silverfish and spiders; thoroughly apply as a spot treatment to areas where these pests are found or may hide, including all corners of rooms and closets, cracks and crevices, under carpets, along baseboards and window sills and frames; behind and beneath sinks, stoves, refrigerators, and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests and points of entry.

To kill brown dog ticks and fleas: apply thoroughly as a spot treatment to infested areas such as pet beds and resting quarters, and nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Fresh bedding should be placed in animal quarters following treatment. Do not spray pets with this product.

To control flies, gnats, hornets, mosquitoes, small flying ants, wasps and yellow jackets: use only on outdoor surfaces. Spray outside surfaces of window and door frames and other areas where these pests may enter the home. Also spray dark corners and localized resting areas, such as under eaves, porches, partitions and in garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A SPOT AND/OR CRACK AND CREVICE TREATMENT IS NOT PERMITTED.**

Application Within Food Handling Establishments (Places other than private residences in which exposed food is held, processed, prepared or served) including, but not limited to, areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing foods edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation): Use as a crack and crevice treatment in and around both food and nonfood areas to control ants, cockroaches, crickets, silverfish, spiders and waterbugs. apply in small amounts directly into cracks and crevices, in joints between different elements of construction, between equipment

and floor, openings, ledges, hollow spaces in walls, baseboards. Do not use this motor housings, junction boxes because of possible shock is a need to treat such oil-base sprays. Care avoid depositing the product on surfaces or introducing the air. Avoid contaminating food processing surfaces. Application Within Food (Facilities where foods as dining rooms, but exposed foods may be prepared or spot treatment to select as baseboards, under electrical and into cracks and treating surfaces likely by food. (Do not apply operation or foods are
