NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Sec. 3(c)(7)(C), provided that you:

1. Submit and/or give all data required for registration/reregistration of your product under FIFRA Sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product to the market:

a. Add to the label the following: "EPA Reg. No. 51793-32."

b. Add to the label the following: "Do not use on children's toys."

c. Add to the label the following: "Use only in a closed space where you can control the ventilation. Rinse thoroughly before reentering the area."

d. Add to the label the following: "Avoid contact with children and pets."

e. Add to the label the following: "Do not allow children or pets to contact treated surfaces."

- d. Add an Environmental Hazards paragraph to your label.

This pesticide is extremely toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**Chlorpyrifos [0,0-diethyl 0-(3,5,6-trichloro-2-pyridyl) phosphorothioate].	0.500%
INERT INGREDIENTS:	99.188%
	<u>100.000%</u>

*Equivalent to 0.208% (butylcarbityl)(6-
propylpiperonyl) ether and 0.52% related
compounds.

**U.S. Patent No. 3,244,586

**KEEP OUT OF REACH OF CHILDREN.
CAUTION**
See side panel for additional precautionary statements

NET CONTENTS 1 Gallon

DIRECTIONS FOR USE

It is a violation of Federal law to use
this product in a manner inconsistent with
its labeling.
To operate hold can upright, direct orifice
toward the surface to be treated and press
the actuator button. Do not use as a space
spray. SHAKE WELL BEFORE USING.

To Kill ants, carpet beetles, centipedes,
cockroaches, crickets, ear-lice, firebrats,
pillbugs, silverfish and spiders; thoroughly
apply as a spot treatment to areas where
these pests are found or may hide, including
dark corners of rooms and closets, cracks and
crevices, under carpets, along baseboards and
door sills and frames; behind and beneath sinks,
stoves, refrigerators, and cabinets and around
garbage cans, plumbing and other utility
installations. Pests driven out of hiding
places should be sprayed directly. Spray ant
trails, nests and points of entry.

To kill brown dog ticks and fleas: apply
thoroughly as a spot treatment to infested
areas such as pet beds and resting
quarters, and nearby cracks and crevices;
along and behind baseboards, window and
door frames and localized areas of floor
and floor covering where these pests may
be present. Fresh bedding should be
placed in animal quarters following treat-
ment. Do not spray pets with this product.

To Control flies, gnats, hornets, mosquitoes,
small flying roths, wasps and yellow jackets;
use only on outdoor surfaces. Spray outside
surfaces of window and door frames and other
areas where these pests may enter the home.
Also spray dark corners and localized resting
areas, such as under eaves, porches, partitions
and in garages where these insects may congreg-
ate. Flies and mosquitoes coming to rest on
treated surfaces will be killed. Repeat treat-
ment when effectiveness diminishes.

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS
OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS
A SPOT AND/OR CRACK AND CREVICE TREATMENT IS
NOT PERMITTED.**

Application Within Food Handling Establishments
(Places other than private residences in which
exposed food is held, processed, prepared or
served) including, but not limited to, areas
for receiving, storage, packing (canning,
bottling, wrapping, boxing), preparing foods,
edible waste storage and enclosed processing
systems (mills, dairies, edible oils, syrups)
and serving areas (when food is exposed and
facility is in operation): Use as a crack and
crevice treatment in and around both food and
nonfood areas to control ants, cockroaches,
crickets, silverfish, spiders and waterbugs.
Apply in small amounts directly into cracks
and crevices, in points between different
elements of construction, between equipment

and floor, opening
hollow spaces in w
bases. Do not use
