	100.0%

\*Equivalent to 0.5% (butyl carbitolyl) 16-propyl piperonyl ether and 0.2% related compounds

NET CONTENTS 1 1/4 oz.

**KEEP OUT OF REACH OF CHILDREN  
DANGER**

See back panel for additional precautions.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**SHAKE WELL BEFORE AND AT INTERVALS DURING USE.**

**TO OPERATE:** Hold can upright and press actuator button.

**FOOD HANDLING ESTABLISHMENTS:** Places other than private residences in which exposed food is held, processed, prepared or served.

**FOOD AREAS - APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY:** Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) and serving areas (when food is exposed and facility is in operation).

To control ants, cockroaches, silverfish, crickets, centipedes, millipedes, carpet beetles, spider-beetles, ground beetles, earwigs, water-bugs and fleas. Apply in small amounts directly into cracks and crevices using an injection or insertion tube, in points between different elements of construction; between equipment and floors; openings leading to voids and hollow spaces in walls, equipment legs and bases and in conduit meter

housings, junction or switchboxes. Prior to application de-energize electrical equipment. After application, allow time for solvent to evaporate before starting motors or placing switches in the "ON" position.

Care should be taken to avoid depositing the insecticide onto exposed surfaces or introducing it into the air. Avoid contamination of food or food processing surfaces.

**APPLICATION OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT ARE NOT PERMITTED.**

**SERVING AREAS:** Facilities where foods are served such as dining rooms, but excluding areas where food may be prepared or held, apply as a spot treatment to selective surfaces, such as baseboards, under elements of construction and into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

**NON-FOOD AREAS:** Including garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply as a

spot treatment to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter. Repeat treatment as required.

To control powder post beetles, treat infested wood using an injection or insertion tube. Apply small amounts directly into and around entrance holes.

To control fleas in animal quarters, treat bedding, floor and floor coverings and any areas where fleas may hide.

Repeat application when effectiveness diminishes.

To control bed bugs, take bed apart and treat cracks, joints and interior of framework. Mattresses should be treated, especially tufts, folds and edges. Do not use in hospital patient quarters.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

#### DANGER

Causes eye and skin damage. Avoid contact with skin or eyes. Wear goggles or face shield. Harmful if swallowed. Avoid contamination of food and foodstuffs. Remove pets, birds and cover or remove fish aquariums before spraying.

### STATEMENT OF PRACTICAL TREATMENT

**If in eyes** — Flush eyes with plenty of water. Get medical attention.

**If swallowed** — Call a physician or Poison Control Center immediately. Gastric lavage may be indicated if material was taken internally. **DO NOT INDUCE VOMITING;** vomiting may cause aspiration pneumonia.

**If inhaled** — Remove victim to fresh air. Apply artificial respiration if indicated.

**If on skin** — Remove contaminated clothing and wash affected areas with soap and water.

### PHYSICAL OR CHEMICAL HAZARDS

**FLAMMABLE.** Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.
