

<p>US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460</p> <p>NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION</p> <p><i>(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</i></p>	<p>EPA REGISTRATION NO. 51793-59</p>	<p>DATE OF ISSUANCE MAY 8 1986</p>
<p>TERM OF ISSUANCE</p>		<p>NAME OF PESTICIDE PRODUCT</p>
<p>Elite Aerosol Fire Ant Killer</p>		
<p>NAME AND ADDRESS OF REGISTRANT (Include ZIP code)</p> <p>Elite Chemical Corporation P.O. Box 1947 Norcross, GA 30091</p> <p style="text-align: right;"><i>160/169 288 18/11</i></p>		
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p>		
<p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p>		
<p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:</p>		
<p>1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.</p>		
<p>2. Add the phrase "EPA Registration No. 51793-59" to your label before you release the product for shipment.</p>		
<p>3. The disposal statement should be revised to read "Securely wrap original container in several layers of newspaper and discard in trash."</p>		
<p>4. The information submitted on February 18, 1986, satisfied some but not all of the product chemistry data. Therefore you must submit the following information:</p>		
<p>- Description of the formulation process including order and conditions of mixing and quality control procedures.</p>		
<p><input type="checkbox"/> ATTACHMENT IS APPLICABLE</p>		
<p>SIGNATURE OF APPROVING OFFICIAL <i>[Signature]</i></p>		<p>DATE <i>5/18/86</i></p>

5. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

with COMMENTS
In EPA Letter Dated

MAY 8 1986

Under the Fungicide, Insecticide, and Plant Nematicide Act as amended, this pesticide is registered under Reg. No.

51793-59

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid inhalation of vapors. May cause eye irritation. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feedstuffs.

For outdoor use only. For use in yards, parks, woodlands, playgrounds, and golf courses.

Physical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperature above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Kill Fire Ants in Their Mounds:

DO NOT DISTURB MOUND PRIOR TO TREATMENT. Attach injector rod to can and line up dot on valve cup with the injector rod to ensure complete evacuation of the can. While spraying, slowly drive rod into the mound until resistance is met, which indicates the bottom of the nest has been reached. Spray for 5 seconds for each 6" diameter mound. For example, an 18" diameter mound would require three separate injections around the mound. All mounds in the vicinity should be treated. For best results treatment should be made in early morning or late evening when ants are least active.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry area away from heat or open flame.

Disposal: Replace cap and discard in trash. Do not incinerate or puncture.
