

Mr. Rob Adams
Elite Chemical Corporation
P.O. Box 1947
Norcross, GA 30091

Subject: Elite Flea and Tick Dip III
EPA Registration Number 51793-61

Dear Mr. Adams:

The label amendment submitted with your letter of October 20, 1986 proposing a modification to the precautionary statement is acceptable, provided that you make the revisions as indicated in the enclosed edited label. A copy of the stamped draft label is enclosed for your records.

Submit five (5) copies of a letter quality label incorporating the required revisions. We will accept those labels as the finished printed labels in view of the fact that you will not market the product under your own label. The data matrix labels which you submitted are not satisfactory for our record keeping needs and will not be considered letter quality labels. It is understood that your subregistrants labels will conform with the accepted label for this product, and with the general labeling requirements of 40CFR § 162.10.

Sincerely yours,

A. E. Castillo

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a
manner inconsistent with its labeling.

To Kill Fleas, Lice and Ticks: Bathe pet with a quality
cleaning shampoo. Dilute 4 ounces of Elite Flea and Tick Dip
Concentrate with 1 gallon of water. Dip animal into
solution, making sure hair is thoroughly wet to the skin.
The area around the ears should be sponged thoroughly. Avoid
contact of material with eyes and mouth of animal. Do not
rinse off. Repeat as necessary for control.

For control of ear mites, while dipping, lightly sponge
inside of ears.

STORAGE AND DISPOSAL

- Storage:** Store in a cool, dry area away from heat or open flame.
- Disposal:** Do not re-use empty container. Wrap container and put in trash collection.

PRECAUTIONARY STATEMENTS CAUTION

Hazards To Humans and Domestic Animals

Harmful if swallowed. Avoid contact with skin and eyes. Do not contaminate food or feedstuffs with this concentrate or dip. Do not use or store near heat or open flame.

Do not treat kittens or puppies less than four weeks of age. Avoid contact of material with eyes and mouth of animal.

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Drink one or two glasses of water and induce vomiting by touching the back of the throat with finger. Repeat until vomit fluid is clear. Call a physician immediately. Do not induce vomiting or give anything by mouth to an unconscious person.

IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

IF ON SKIN: Remove contaminated clothing and wash affected areas with soap and water.

IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.
