

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

OCT 5 1987

Mr. Rob Adams
 Elite Chemical Corporation
 P.O. Box 1947
 Norcross, GA 30091

Subject: Elite Aerosol Wasp & Hornet Spray II
 EPA Registration No. 51793-63

Dear Mr. Adams:

The information submitted with your letter dated September 18, 1986 is acceptable. A stamped copy is enclosed for your records.

However, I would like to point out that the labeling submitted with this letter is not finished labeling for the subject product as defined in PR Notice 82-3, dated June 18, 1987. This amendment is granted on your statement that you will not market the product under your own label and that the product will be marketed solely by your supplementally registered distributors, as your agent. If at any time you market this product under your own label, you must submit five copies of the finished printed labels before you release the product for shipment under your label. It is understood that your agent's labels will comply with the general labeling requirements of 40 CFR 162.10.

Sincerely yours,

 Joseph M. Tavano
 Acting Product Manager 17
 Insecticide-Rodenticide Branch
 Registration Division (TS-767-C)

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed. Avoid inhalation of vapors. May cause eye irritation. Avoid contact with skin and eyes. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists.

Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food.

Remove pets, birds and cover fish aquariums before spraying.

Physical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Control of Wasps and Hornets: It is preferable to apply this product in the evening after all the insects have returned to the nest. Aim valve opening at the nest and depress button, continuing to spray until the nest is soaked with the spray. Repeat as necessary.

STORAGE AND DISPOSAL

STORAGE: Store in a cool area

DISPOSAL: Replace cap and discard container in trash.
Do not incinerate or puncture.
