PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals****CAUTION**

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration hazard. Avoid inhalation of vapors. Avoid contact with skin and eyes. Avoid contamination of food and feedstuffs.

If used in food processing or preparation areas, foods should be removed or covered during treatment. Food processing surfaces should be cleaned with an effective cleaning compound and then rinsed with potable water to remove all traces of contamination before reuse. Do not treat while food processing is underway. Do not spray on walls, composition tiles or plastics.

Remove pets, birds and cover fish aquariums before spraying.

Physical or Chemical Hazards

Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

TOTAL RELEASE DIRECTIONS

Cover exposed foods, dishes and food handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed space. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment, and ventilate thoroughly before reentry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for four hours before airing out. Open all doors and windows and allow to air for one-half hour. Repeat spraying in two weeks or when necessary.

To Kill Ticks and Fleas: Destroy pet's old bedding and replace. Use product as above. Pets should be treated with a registered tick and flea control product prior to reentry. Repeat as necessary to bring infestation under control.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place away from heat and open flame.

Disposal: Do not reuse empty container. Wrap original container in several layers of newspaper and discard in trash.
