Panel

**DIRECTIONS:** Place Flea Collar around cat's neck, adjust for proper fit and snap in place. The collar must be worn loosely and in addition to the regular collar. If collar is worn too tightly, it may produce neck irritation. Cut off and dispose of the excess length. Flea kill begins at once and will continue for 3 months while the collar is worn. For continuous protection, replace collar when effectiveness diminishes. When bathing cat, remove collar until cat is dry.

**CAUTION:** Do not open protective pouch until ready to use. Do not allow children to play with this collar. Do not use on Persians. Do not use on sick or convalescing cats. Remove collar at first sign of irritation or adverse reaction. Do not use any other pesticides on cat while collar is worn. Collar is intended for use only as an insecticide generator and is not to be taken internally by man or animals.

**STORE** in original container. Do not reuse empty container. Wrap container (also spent collars) and **DISPOSE** in trash.

NAME OF PESTICIDE PRODUCT

White Horse Spray With Nitrocell

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

White Horse Chemical Corporation  
P.O. Box 1000  
Hockessin, DE 19340

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/enter all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Add the phrase "EPA Registration No. 51793-90" to your label before you release the product for shipment.

3. Submit three (3) copies of your final printed label before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

### DIRECTIONS FOR USE

It a violation of Federal Law to use this product in a manner  
inconsistent with its labeling.

ELITE HORSE SPRAY WITH CITRONELLA has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1-2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine mist spray.

**USE TO WIPE ON:** First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen. Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin. After application, brush thoroughly to bring out bright sheen on the coat. Repeat daily or as required.

**USE AS A SPRAY:** ELITE HORSE SPRAY WITH CITRONELLA may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horse's skin or exceed two ounces per application.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE AND SPILL PROCEDURES:** Store upright at room temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other State and local procedures.

#### CONTAINERS ONE GALLON AND SMALLER:

**STORAGE:** Store in original container inaccessible to children and pets.

**DISPOSAL:** Do not reuse container. Wrap and discard in trash.

#### PRECAUTIONARY STATEMENTS

##### CAUTION

Hazards to Humans and Domestic Animals

Harmful if swallowed. Remove or cover exposed foods before spraying. Do not apply to dairy or food animals. Not for use on horses intended for food.
