**DIRECTIONS FOR USE**

**It a violation of Federal Law to use this product in a manner  
inconsistent with its labeling.**

**ELITE HORSE SPRAY has been especially developed for use on  
horses. It provides a protective hair coating against flies  
while imparting a high sheen to the hair when brushed out.  
1-2 ounces per head per day gives adequate protection. Apply  
by either soft cloth or fine mist spray.**

2 of 5

**USE TO WIPE ON:** First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen. Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin. After application, brush thoroughly to bring out bright sheen on the coat. Repeat daily or as required.

**USE AS A SPRAY:** ELITE HORSE SPRAY may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horse's skin or exceed two ounces per application.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE AND SPILL PROCEDURES:** Store upright at room temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.
